SENATOR LODGE NEAR DEATH!

KNOCKOUT OF BOXING BILL LOOMS IN RETURNS

Country Counties Continue to Roll Up Heavy Vote Against Measure

SAN FRANCISCO, Nov. 6.—Defeat of the 12-round boxing bill in California, upon which the voters passed on Tuesday in the form of an initiative amendment, was indicated today as the country counties continued to report heavy majorities against the measure.

Figures compiled for thirteen of the larger counties and a scattering vote from the smaller counties today showed the measure leading by a little over 18,000 votes, but these figures included San Francisco complete. They stood: For the measure, 243,467; against, 225,109.

The boxing bill carried San Francisco by better than 23,000 and in incomplete returns was leading in Los Angeles by 30,000. Its supporters hoped that complete tabulation of the vote in Los Angeles would give the measure enough of a lead to overcome the majorities piled up against it in the smaller counties. Sacramento county voted for the bill.

Paris 'Reds' Threaten U. S. In Execution Case

PARIS, Nov. 6.—Communist newspaper Humanite announced today there will be a "red" meeting tonight for an "international manifestation to prevent the execution of Nicola Sacco and Bartholomew Vanzetti, two bolshevists, who were convicted in the Massachusetts courts of murder and robbery."

Both men are in jail in Massachusetts. Announcement of the demonstration led to reports that threats had been sent to the United States embassy, but this was officially denied by Charge d'Affaires Whitehouse. No special steps have been taken to guard the embassy. Myron T. Herrick, the American ambassador is in the United States.

$5,000 In Furs Taken In Holdup by Bandits

LOS ANGELES, Nov. 6.—Four holdups and a fur store robbery were staged by bandits today. Harold Christman, driver for a fur company, was held up and robbed of $5000 worth of furs.

Admiral Robinson Denies Fall 'Father' Of Hawaii Project

LOS ANGELES, Nov. 6.—A flat statement that former Secretary of the Interior Albert B. Fall did not conceive the Pearl Harbor, Hawaii, fuel base project, involving the trading of government royalty crude oil for fuel oil in storage, but that the plan originated in the navy department marked trial of the government's suit to cancel E. L. Doheny's leases in federal court here today.

Rear Admiral J. K. Robinson, who made the statement, said first information as to the Pearl Harbor project came from Edwin Denby, former secretary of the navy.

AUDITORIUM OF KLAN IS WRECKED

Blast and Fire Cause of $200,000; Kleagle Admits Damage to Church

FORT WORTH, Texas, Nov. 6.—Fire, following the explosion of five bombs within the Ku Klux Klan's newly constructed auditorium here today completely demolished the structure with a loss of $200,000.

Klan officials say a dozen witnesses who were in the vicinity of the building when the first blast occurred, declared the auditorium was practically wrecked before flames permeated the ruins. The first explosion sent the roof crashing down, followed quickly by more discharges that collapsed the walls.

The huge hall but recently was dedicated. It covered a block in length.

Ku Klux Klan Kleagle Confesses Church Damage

BURLINGTON, Vermont, Nov. 6.—William C. Moyers, a Ku Klux Klan Kleagle, today confessed in court to breaking and entering Saint Mary's cathedral and damaging it the night of August 8. Implicated with Moyers are Gordon Wells and William McCreedy, who, in an earlier confession, said they were Moyers' tools. Moyers made his admissions when his case was called in Chittenden county court. Moyers was arrested in Tennessee and extradited to stand trial here. McCreedy and Wells accused him of plotting against churches throughout New England.

McCreedy told police, they said, Moyers told him Catholic churches were being used as arsenals and that this was one of the reasons he consented to participate in the raid on St. Mary's.

David Lawrence Gives His Views on Results of National Election

By DAVID LAWRENCE

Special Correspondent of the Glendale Evening News. Copyright, 1924

WASHINGTON, Nov. 6.—The conservatives have won their greatest victory in the era of modern politics in America. Democrats who feared the invasion by a third party of vested rights abandoned their party faith and tradition to join with Republican brethren in fighting their common foe—the radicals.

The victory of Calvin Coolidge is an anti-La Follette verdict as much as it is an acquiesence in "things as they are." The president on the final count may poll a substantial margin above a complete majoriey. In other words, his triumph over his two opponents is clear cut. He is not a minority victor as Wilson was in the three-cornered race of 1912.

The Democratic party was cut in half by the election. It lost more heavily to the third party than it did to the regular Republican ticket but the conspicuous fact is that if the total Democratic vote in the northern and western states is added to the La Follette vote there still is a comfortable margin for Coolidge.

The effect of this will most certainly be felt in Congress where, if Mr. Coolidge asserts himself as

'Our Nell' Under Wire First In Wyoming Race

CHEYENNE, Wyo., Nov. 6.—With only 127 of the 615 precincts in the state missing, Mrs. Nellie Taylor ("Our Nell") Ross, Democrat, has carried Wyoming for governor by a plurality of 8000. President Coolidge's plurality will reach nearly 14,000, while United States Senator Warren and Congressman Charles Winter have been re-elected by pluralities approximating 7500.

Wyoming, the first state to grant woman suffrage—in 1869—will also be first to have a woman as chief executive of the state, the inauguration here taking place about two weeks previous to that of Mrs. Miriam (Ma.) Ferguson of Texas, next January.

Governor Hunt Assured Re-election In Arizona

PHOENIG, Ariz., Nov. 6.—Although it may be days before returns from outlying precincts are received, definitely deciding the contest, Governor G. W. P. Hunt, Democrat, appeared to have been re-elected over Dwight Heard, Republican, on returns received today. Hunt had a lead of 850 and it was believed impossible for Heard to overcome this margin.

War Debt Commission Asks Extension of Time

WASHINGTON, Nov. 6.—World war debt funding commission sees no possibility of funding the European debts to the United States before the first of February, it was announced at the treasury today. Congress, therefore, will be asked to extend the life of the commission which expires on February 1.

Jockey Hurt In United Hunts Chase Improved

NEW YORK, Nov. 6.—Condition of W. D. Phillips, steeplechase jockey, seriously injured when his horse fell during the running of the Cherry Malotte steeplechase at the United Hunts meeting on Tuesday, was reported improved today.

Robert Frey, Age 79, Casts First Vote For U. S. President

Robert E. Frey, age 79, of Glendale, had the pleasure of going to the polls and voting for president of the United States for the first time in his life Tuesday, November 4. Mr. Frey came to Glendale two and one-half years ago, from Georgetown, Washington, D. C., where he had lived all of his life and, although he had attended the inauguration of all presidents during his time, he had never been able to vote for one. He is a Republican, and cast his vote for Calvin Coolidge. Mr. Frey resides at the St. James hotel, but voted in Los Angeles, as he had been residing there. He is the father of Raymond E. Frey of 443 Salem street, Dr. J. E. Frey of 469 Salem street and Robert W. Frey of 417 Riverdale drive.

BROOKHART'S LEAD NOW LARGER

Race In Iowa for Senator So Close Recount May Be Necessary

DES MOINES, Iowa, Nov. 6.—Senator Smith W. Brookhart's lead in the United States senatorial race was increased to nearly 700 shortly after noon when a recheck disclosed an error in the checking in Buena Vista and Polk counties.

DES MOINES, Iowa, Nov. 6.—Senator Smith W. Brookhart, Republican, has an unofficial lead of 66 votes over Dan Steck, Democrat, in the senatorial contest with all of Iowa's 2,418 precincts unofficially accounted for. The figures were Brookhart, 445,293; Steck, 445,227.

DES MOINES, Iowa, Nov. 6.—Due to the closeness of the senatorial race in Iowa between Senator Smith W. Brookhart, Republican, and Dan F. Steck, Democrat, it is highly probable that an official check will be necessary to determine the victor.

Democratic headquarters say the missing precincts in Lee county will go for their candidate, while the progressives point to the strong Brookhart sentiment in the outlying rural districts that have brought his total up to that of Steck and claim that the farm ballot will put the junior senator across.

May Be Recount

John Denison, who has been in charge of the local headquarters of the Iowa progressive party here, told International News Service today that he was wiring Senator Brookhart to ask for an official check of the ballots in his contest with Dan Steck, Democratic nominee. Denison said that he had received complaints from many districts that the progressive challengers were not allowed to watch the count at polling places. He mentioned Louisa county as one place where his men were kept out.

'Something Wrong'

Clyde Herring, chairman of the Democratic State Central committee, said he had called Steck and advised him to come to Des Moines at once to demand a recount of the ballots.

Herring said he thought there must be something wrong as it did not seem possible to him that the opposition could have overcome the lead of more than 3,000 votes conceded to Steck this morning in less than fifty precincts.

Coolidge Will Ask 25 Per Cent Tax Reduction

WASHINGTON, Nov. 6.—Reduction of the surtax on big incomes to 25 per cent will be recommended to Congress next month by President Coolidge, it was learned officially at the treasury department today. This was one of the features of the original Mellon tax plan which Congress turned down last winter.

PRESIDENT IS SILENT ON OFFICIAL PROGRAM

Coolidge's Course of Action In Coming Months Is Puzzling Politicians

BULLETIN

WASHINGTON, Nov. 6.—The fight over the speakership of the new House of Representatives got under way here today when Representative Martin Madden of Illinois, chairman of the House appropriations committee, announced that he was a candidate for speaker. Representative Nicholas Longworth of Ohio is also expected to be a candidate.

By GEORGE R. HOLMES

For International News Service.

WASHINGTON, Nov. 6.—In the wake of an election which has brought about a new alignment in the reigning Republican party and put Calvin Coolidge in the White House for four years by overwhelming popular mandate, there followed today a train of discussion not alone among the president's friends but among his opponents as well as to the course of action that will mark his policies in the months ahead.

Politics, so far as Mr. Coolidge is concerned, can now be put on the shelf for a long time. He need make no appointments to office, nor take any executive action, as presidents sometimes must, with an eye to the effect it will have on his party's political fortunes.

New Mexico Electoral Vote Is Assured Davis

ALBUQUERQUE, N. M., Nov. 6.—With approximately sixty per cent of the total vote counted New Mexico's electoral vote today was considered definitely in the Davis column by a plurality of 3,500. Returns from 13 of the 32 counties gave Coolidge 9,705; Davis 11,265; La Follette 2,632.

Sam G. Bratton (D), was leading Senator H. O. Bursum, (R), by more than 3,000 votes, while the margin of Congressman John Morrow over Felipe Hubbell, his Republican contender for Congress was 5,000. Arthur T. Hannette (D), is elected governor, with the entire Democratic state ticket sure.

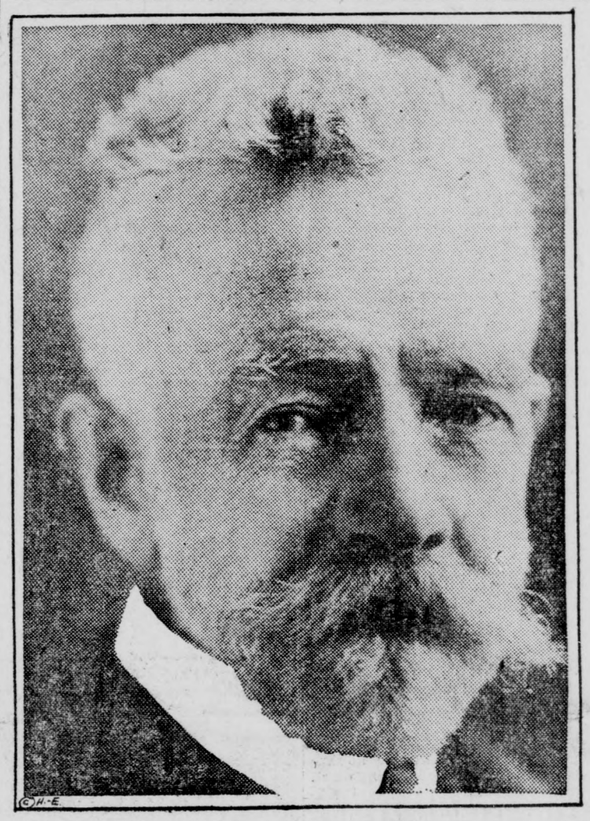
In Shadow Of Death

HENRY CABOT LODGE, prominent Republican and senior senator from Massachusetts, who is today reported to be in a critical condition following an operation. It is said that there is small hope for his recovery.



LOCAL VOTES HEAVY FOR COOLIDGE

Glendale Gives Big Total To President; Complete Civic Center Returns

Frank C. Weller was returned to the state assembly as representative of the sixty-first district; Walter F. Lineberger was re-elected congressman from the ninth district and the civic center was hopelessly lost, on the face of incomplete returns of Tuesday's election.

The returns from the thirty-eight precincts in the city show the vote on the civic center project to have been: Civic center bonds, yes, 6501; no, 5120. Civic center city plan, yes, 6102; no, 5054. A two-thirds majority was necessary on the bonds, while a majority was all that was needed on the city plan. However, the defeat of the bond issue makes the city plan of no use.

Strong For Coolidge

Glendale gave Coolidge an overwhelming victory, judging by the returns from twenty-six of the thirty-eight precincts. The vote in these precincts was: Coolidge, 6499; Davis, 622; La Follette, 1207; Faris, prohibition, 130.

Twenty-five precincts out of thirty-eight in the legislative race gave Frank C. Weller a large majority over James O. Tow, Socialist. In the congressional race, Walter F. Lineberger, Republican, piled up a large lead over Charles H. Randall, running on the Prohibition, Democrat and Socialist tickets.

The vote for judges of the superior court, full term, in twenty-five precincts, follows: Hartley Shaw, 4466; Harry R. Archbald, 4233; L. H. Valentine, 3997; Ira F. Thompson, 3921; Carlos S. Hardy, 3811; Frank C. Collier, 3709; Arthur Keetch, 3471; Walter Guerin, 3462; J. Walter Hanby, 3405; William Frederickson, 3045; Hugh J. Crawford, 2898; W. Maxwell Burke, 2345; William S. Baird, 2249; H. S. McCartney, 2234; Henry M. Willis, 1887; Stephen G. Long, 1879; E. Marion Crawford, 1815; William T. Kendricks, Jr., 1703; Elliott

REPUBLICAN PLURALITY GROWING

Coolidge's Vote In State Passes 300,000 and May Reach 350,000 Mark

SAN FRANCISCO, Nov. 6.—President Coolidge's plurality in California over Senator La Follette had mounted to more than 300,000 today with about 1,000 precincts still to be heard from.

The count for 6,513 precincts out of 7,524 in the state today stood: Coolidge 683,271; Davis 96,484; La Follette 369,859.

Inasmuch as Coolidge was leading in all of the counties in which precincts were missing and many of the precincts still untabulated were small the remaining vote was expected to increase his popular plurality to around 325,000 with the possibility that it might reach 350,000.

Magnus Johnson Admits His Defeat

MINNEAPOLIS, Nov. 6.—Magnus Johnson, farmer-labor senator from Minnesota, late this afternoon conceded his defeat in Tuesday's election to Congressman Thomas D. Schall, his Republican opponent.

SHOCK FROM OPERATION WEAKENS PATIENT

Noted Solon In Hospital Unconscious; Condition Is 'Not Hopeful'

BOSTON, Nov. 6.—Senator Henry Cabot Lodge, senior Massachusetts senator, was in the shadow of death at the Charles Gates hospital today. The senator recently underwent two operations for obstruction of the bladder from which he was said to be recovering.

A shock is responsible for the gravity of his present condition. Senator Lodge was operated on for gall stones at the hospital on July 27.

At 9:45 o'clock today, Dr. Cunningham issued the following bulletin:

"Senator Lodge's condition continues exactly the same. He may continue in this condition for some time, but it is impossible at the present moment to state what the outcome of his condition will be.

"Anticipate no immediate change in Senator Lodge's condition."

Senator Lodge was still unconscious this morning.

"His condition must be regarded as critical,' said Dr. Cunningham.

Dr. Cunningham announced he would issue another bulletin shortly after noon and again at 6 o'clock.

Doctors Fred W. Winslow and John W. Cunningham issued a statement at noon declaring:

"Senator Lodge's condition remains unchanged, not hopeful."

At 3 p. m. the bulletin gave Senator Lodge's condition as unchanged.

Relatives of the Senator were at his bedside.

Coolidge Pays Tribute To Cole Buried In L. A.

LOS ANGELES, Nov. 6.—California paid tribute here today to one of the last of its early pioneers. At funeral services marked with quiet dignity and tributes from all parts of the nation, including a message of condolence from President Coolidge, Cornelius Cole, former California senator, who died Monday at the age of 102 years, was buried this morning in the family plot in a Hollywood cemetery.

Active pall bearers included Senator Cole's sons, Seward, Schuyler and George Cole, and among the honorary pall-bearers were many of California's most prominent men.

COUNCIL IN DISCUSSION OF CITY HALL ADDITION

Another Story May Be Added to Building or Structure May Be Extended to Sidewalk, Suggestions From Some Officials

Spurred to action by failure of the civic center issue at the polls on Tuesday, the City Council this morning took steps toward expanding the facilities of the present city hall.

Councilman S. A. Davis suggeted that a third story be added. Mayor Spencer Robinson ventured that the building might be extended to the sidewalk on Howard street. Councilman C. E. Kimlin was of the opinion that a committee should be appointed to go into the matter, but Councilman Davis opposed him energetically, saying:

"Too Many Committees"

"We have had too many committees already and that is why the civic center lost. I am not going to be told what to do by any committee. I have my mind made up. There is only one reasonable thing to do nder he circumstances, and that is to add another story to this building."

"I think we should take some steps to protect the official records of the city," said Councilman Asa Hall. "There are records in the city hall annex across the street that are priceless. If destroyed they could never be replaced."

After discussing various angles of the problem, the council voted

LATEST NEWS

BROOKHART HOLDS LEAD IN IOWA CONTEST

DES MOINES, Iowa, Nov. 6.—Results of the senatorial race in Iowa are still in doubt with unofficial reports from every precinct in the state available. Re-checks are being made throughout the state and errors have been found in several cases. The first error discovered in Woodbury county today cut down the lead of Dan Steck, Democrat, by more than 2000 votes. This was followed by the discovery of other errors and it appears that Brookhart is leading by sixty-one votes with every precinct heard from. Shortly before 2 o'clock another error of 200 votes was found in Benton county which again put Steck in the lead. Subsequent reports from other districts have see-sawed the result back and forth, until the present figures indicate Brookhart has a lead of nearly 700 votes. Mistakes in checking at Buena Vista county and in Polk county aided the Brookhart forces.

SAFETY ZONES TO GUARD CHILDREN

Councilman Gilhuly Objects To Traffic Being Slowed Down 24 Hours

The Glendale city council this morning passed an ordinance establishing school "safety zones" similar to those now in operation in the city of Los Angeles. The zones are to be painted in yellow, with arrows on the street indicating them, and motorists are to give pedestrians the right of way in these zones twenty-four hours a day.

Councilman S. S. Gilhuly voted against passage of the ordinance, after the other members of the council had refused to amend it to include only the hours from 8 o'clock in the morning until 4:30 o'clock in the afternoon, on school days.

"I am in favor of any ordinance that will protect children without unreasonably interfering with motorists," he declared in explanation of his vote. "There is no reason why the traffic of the entire city should be slowed down twenty-four hours a day, every day in the week, when children are going to and from school only during a few stated hours, five days a week."

Watch for Zones

The safety zones will be painted at or near the following intersections, the ordinance sets forth: Brand boulevard and San Fernando road, Glendale and Cerritos avenue, Brand boulevard and Cerritos avenue, Glendale and Acacia avenues, Colorado boulevard and Glendale avenue, Glendale avenue and Doran street, Broadway and Sycamore canyon drive, Broadway and Verdugo road, Colorado boulevard and Sycamore canyon drive, Colorado boulevard and Louise street, Colorado and Brand boulevards, Colorado boulevard and Pacific avenue, Pacific avenue and Vine street, Pacific avenue and Riverdale drive, Magnolia avenue and San Fernando road, Columbus avenue and Doran street, Glendale and Western avenues, Western avenue and San Fernando road, Sycamore canyon drive and the Seventh-Day Adventist academy, Wilson avenue and Jackson street, Central avenue and Lexington drive, Glendale avenue and Monterey road, Brand boulevard and Park avenue, Grand View avenue and Glenwood road.

The ordinance places supervision of these safety zones in charge of Chief John D. Fraser of the Glendale police department.

BORAH WILL GET LODGE'S MANTLE

Idaho Senator Will Be Next Leader of Upper House For Republicans

WASHINGTON, Nov. 6.—William E. Borah of Idaho will be the next Republican leader of the Senate in the next Congress. Even if Borah tries to escape the responsibility, his natural succession to the leadership appears inevitable.

Senator Henry Cabot Lodge of Massachusetts is now the Republican leader of the Senate, but if death does not overtake him before the opening of the 69th Congress next March, his friends here do not expect that he will again assume the Senate seat which he has held for more than a quarter of a century.

Lodge's Leadership

The mantle of Lodge's leadership during the past decade resulted largely from the fact the United States in that period took a fuller hand in international affairs. As chairman of the Senate foreign relations committee, Lodge's views naturally were important in the consideration of any questions in which America's foreign policy was involved. With Lodge's retirement, Senator Borah will succeed to the chairmanship of the foreign relations committee.

When Senator Frank Brandegee of Connecticut, committed suicide here a few weeks ago Borah succeeded to the chairmanship of the Senate judiciary committee and is already chairman of the committee on education and labor.

Councilmen Talk About Addition to City Hall

(Continued from page 1)

to instruct the city manager to place a night watchman on duty henceforth at the annex, and after taking this action adjourned to the committee of the whole for a further discussion of the matter.

The discussion of the city hall expansion was precipitated at this morning's session of the city council by the report on the canvass of votes cast at the special municipal election that decided the civic center issue.

Result of Canvass

This canvass showed that 11,488 votes were cast, Proposition 1 receiving 6,404 yes and 5,084 no votes; proposition 2 receiving 6,040 yes and 5,034 no votes.

A resolution was adopted accepting the canvass, by which it was established that proposition 1 lost for want of a two-thirds majority, while proposition 2 carried, having over one-half yes votes.

PAST, FUTURE OF CITY DISCUSSED

J. C. Sherer Recalls Early Days; Barnum Walters Tells of Visions

Pictures of the past and visions of the future were given at the meeting of the luncheon club of the chamber of commerce today noon by J. C. Sherer, city treasurer and old time resident of Glendale and Barnum Walters, well known Glendale subdivider.

Mr. Sherer told of life, property values and prophesies of the future forty years ago. Land in the heart of the city sold in 1883 for $13 an acre and less desirable land in the foothills at $1.30 an acre. In 1902 he said the high school board bought the corner of Brand and Broadway for $750. In 1908 the Ingledue block at Glendale boulevard and Broadway with the present building was advertised in the Glendale News for $15,000. Glendale's first bond issue he said was for $5000 for the purchase of a fire engine in 1907. Many hesitated at incumbering the city to that extent he said.

Predicts Expansion

Mr. Walters predicted a city of 200,000 population with the Verdugo Hills built to the very summit more solidly than the residential section of Glendale today. He said there remained in the city only 8,000 vacant lots and that these will accommodate only 40,000 more people. There is no place for them to go but to the beautiful hills north of the city, he said.

He declared the growth of Glendale has not been accidental but because this city has the advantages which home-seekers want. More rapid transportation facilities between here and Los Angeles and the completition of the boulevard along the ridge of the hills will advance the future development of the city, he said.

CHICAGO WHEAT

By International News Service

CHICAGO, Nov. 6.—All grains closed higher today. Wheat was up 1 1-4 to 2 1-4 at the close; corn was 1-8 to 1-4 higher at the finish; oats were from 3-4 to 1 1-8 higher at the close. Provisions met good sales from cash buyers of nearby deliveries of lard and some selling of January deliveries was credited to foreign account.

India and Ceylon now have intermittent radio broadcasting of entertainment programs.

CITRUS INDUSTRY EXPANSION TOLD

Rotarians Hear Figures on Magnitude of State's Chief Fruit Crop

California's citrus industry in its tremendous magnitude was laid before members of the Glendale Rotary club at their luncheon this afternoon at the Tuesday Afternoon clubhouse by Paul S. Armstrong of the advertising department, California Fruit Growers' Exchange, Los Angeles, who was introduced by Willis Lusby.

President J. Herbert Smith introduced J. Arthur Myers, who led community singing. Mrs. Dan Campbell and Roy L. Kent told of the Community chest drive, which is to take place the week of November 17 and care for the seventeen active agencies in welfare work.

Les Lavelle, high school student body president, told of the coming championship games with Covina high. One will be played today by the lightweights, the heavyweights clash at Covina tomorrow and the Class C team of the Harvard high meets Covina on Armistice day.

History of Oranges

The citrus industry was called the oldest industry of an agricultural nature in California by the speaker of the day. The product today exceeds the leading gold producing states in cash returns amounting to $71,000,000.

Orange growing began in this state in 1872, when Mrs. Eliza Tibberts of Riverside planted two navel trees which were from imported varieties in Brazil. Every navel tree in California is a direct descendant of these trees, Mr. Armstrong stated.

The first carload of fruit was shipped from Southern California in 1877 and the industry thrived until 1893, when the cost of production mounted to a point where co-operative marketing became necessary in order to profitably continue. From the history of the industry Mr. Armstrong discounted the present talk of overproduction, stating that the same opportunity exists to i rease markets by advertsiing and salesmanship.

Demonstrating how advertising and sales will affect production, the speaker declared that, if each person in the United States would eat one more lemon a year, it would result in the marketing of 800 additional carlots and the cultivation of 1600 acres.

California now supplies four-fifths of the lemons, two-thirds of the oranges, and Florida grows most of the grapefruit, he said. New York City sales bring to California Fruit Growers' exchange $18,000,000 annually, while the smallest town taking a carlot annually is Drake, N. D., with 200 population.

Praises Tariff

Praise for the Republican tariff on lemons was voiced by Mr. Armstrong who also pointed to the fact that the Pacific coast had witnessed a tremendous production in foodstuffs.

"It is now known as the market basket of America," he said.

Visitors in attendance today included Gus G. Geyer of San Antonio, Tex.; Herman F. Swartz of Berkeley; Jake Swall of Burbank; Clarence Hinkle, J. A. Patterson, Ben Barnard, Sebald Cheroske and A. D. Smith of Los Angeles.

Southland Watched for Baby June's Kidnaper

LOS ANGELES, Nov. 6.—The sheriff's office has appealed to deputy sheriffs throughout the Southwest to prevent the escape from Southern California of kidnapers of "Baby" June Shosted, aged 6, who has been the center of several legal battles for her custody. The little girl was snatched from her foster-mother, Mrs. Elsie Shosted, last night by the baby's mother, Mrs. Clayton Pollan, wife of an eastern advertising man, who accompanied her.

Davis Says He's Out Of Politics for Good

LOCUST VALLEY, L. I., Nov. 6.—John W. Davis will take a long ocean voyage as a "vacation," it was learned here today. The Davis itinerary has not yet been determined, though it is expected to include a number of points in the Orient. Davis has divorced himself from all matters political. Friends who called to discuss the campaign just ended were told by the standard bearer that he was "out of the game."

"I want to rest and play golf," Davis explained. "I've had enough politics to last me a long while."

On returning from his proposed trip, it was said, Davis would resume his private law practice in New York.

FAVOR ADEQUATE SCHOOLS IN CITY

Support to Move Pledged by Glendale Advancement Association

Members of the Glendale Advancement association went on record today at the meeting held at the Harriett Mae Tea room, favoring a move to provide adequate school facilities for the northwestern part of Glendale, Verdugo Woodlands, and any other section of the city. The members also passed a resolution in which they expressed their confidence in C. W. Ingledue, president of the association, and declared the personal attacks made upon him in the civic center campaign were unwarranted.

Charles Stuart presided at the meeting today in the absence of Mr. Ingledue, who was called to Colorado by the serious illness of his brother. It was announced the new lights on East Broadway will be turned on Saturday night. T. W. Watson, former city manager, will be the principal speaker at the meeting next week, it was announced.

R. E. Spicer was instructed to see Postmaster D. Ripley Jackson in regard to the installation of a large mail box at Broadway and Glendale avenue, and J. F. Chandler, T. E. Menk and A. A. McIntyre were named members of a committee to see city officials regarding a traffic officer for Glendale avenue and Broadway during the rush hours. Mr. Stuart announced an open meeting of the Sons of Veterans and auxiliary would be held at the Sparr Heights Community house November 18, and invited the members of the association to attend.

D. A. R. FIRST YEAR BOOK COMPLETE

Mrs. C. W. Houston Receives Praise for Creditable Chapter Publication

The pre-Thanksgiving meeting of General Richard Gridley chapter, D. A. R., yesterday afternoon, at the First Congregational church, was featured by the members receiving attractive year books, the first complete chapter volume ever published.

Mrs. C. W. Houston, past regent, was chairman of the year book and she attained great success in the compilation. She was also chairman of the attractive year book published by the Tuesday Afternoon club a year ago. The D. A. R. book contains names of the executive board; the D. A. R. ritual; The American's Creed; salute to the flag; flag days, days of special observance; by-laws of the chapter; and names and addresses of the members of the chapter.

Memorial Service

Miss Ida D. Myers, regent, presided over the meeting. A brief memorial service was held for the late Mrs. H. A. Strong, a member of the chapter.

For several years the chapter has provided an American Christmas for the foreign children at the Albion Street school, Los Angeles. The members unanimously voted yesterday to sponsor the Christmas celebration again this year.

It is most gratifying to the chapter that copies of the D. A. R. manual are to be used in the Glendale High school next session. The manual is of international note, being published in eight languages, and gives sketches of American customs and the government.

Nominating Committee

Mesdames T. W. Preston, J. C. Kellar, J. M. Borden, Jesse Flower and H. K. Scripps were elected on a nominating committee for the year. They will choose delegates to the Continental Congress in January, and chapter officers in May.

Plans are being made for the chapter's participation in the Armistice day parade.

Of special interest at the meeting was the presentation of a large American flag, a gift from C. M. Field. The flag has an interesting history, which Mrs. Field will relate at a future meeting.

Mrs. H. K. Scripps announced the program for the afternoon. Miss Hazel White read a letter from the regent general; Miss Isabel Isgrig sang beautifully Kipling's "Recessional," accompanied by Mrs. Butterfield; and Katherine Sinks gave a paper on "The First Thanksgiving."

Tea was served later and an informal social hour enjoyed.

Sigma Chi Fraternity In Meeting Tomorrow

Sigma Chi fraternity will hold a social meeting at the Casa Verdugo cafe tomorrow night, at 6:30 o'clock, reservations taken by A. H. Voelker, secretary, at 227 South Brand boulevard. This is the first social meeting of the fall season and all members in Glendale, Eagle Rock, Burbank and vicinity are invited. Meetings are held every Tuesday noon at the Alley Inn. Meeting last Tuesday was devoted to making plans for the meeting tomorrow night. There are thirty members in Glendale. University of California and University of Southern California have the largest representation.

City Librarian Has Novel Idea for Xmas Selection of Books

Alma J. Danford, city librarian, has originated, it is believed, something new in public library work with the establishment of a Christmas gift book directory service.

Mrs. Danford said in an interview today that purchasers buy gift books blindly and without giving thought to choice, and she believes a great deal of good can be done in educating the public to worthwhile volumes available and appropriate for Christmas presents.

Special provisions for handling this work have been made at the main library building. Questions will be answered and suggestions given to all wishing to take advantage of this new feature.

RULES TO INSURE 100 LIVING YEARS

People Die Of Too Much Love Anger And Excitement Cosmetician Says

CHICAGO, Nov. 6.—People die too much excitement, according of too much love, too much anger, to Dr. Nellie Buchanan Cooper, president of the American Cosmeticians' society, in an address at a life extension conference here.

"People can easily live to be more than 100 years old by following four simple rules," she said.

"1. Curb your temperament. If you are prone to too strong affections, be warned. The alternate fear and excitement wear away life at ten times the normal rate. Don't be angry. Don't get excited about anything. Be serene and look serene.

"2. Don't overeat. Make a large proportion of your diet green vegetables.

"3. Observe mouth hygiene. times a day. The mouth is a germ Clean your teeth half a dozen trap.

"4. Work. Don't be afraid of hard work, but avoid long hours and fatigue."

Henhouse Weather Vane Aroused Rooster's Ire

WEST AMBOY, N. Y., Nov. 6.—Perley Bobb, poultryman of this place, has the champion fighting rooster of the town. Bobb placed a metal rooster weather vane on his henhouse. For an hour his white Wyandotte rooster walked around the henyard eyeing the weather vane. Just before noon Bobb went to the henhouse and was surprised to see the rooster on the roof fighting the weather vane.

2000 Macedonians Are Freed By Jugo-Slavia

SOFIA, Nov. 6.—Political amnesty, affecting the fate of more than 2,000 Macedonians implicated in the revolutionary movement, has been declared by the Jugo-Slavia government. Five hundred men have been freed from Skopie prison and sent home. The move is expected to ameliorate Serbo-Bulgarian relations. Thousands of Macedonians temporarily residing in Bulgaria previously were afraid to return to their homes.

TEACHERS TO BE HONORED AT MEET

Federation, Parent Branch Plan Reception Monday At Harvard High

Teachers of Glendale schools will be honored Monday night, when the Glendale Federation, Parent-Teachers' associations, sponsor a reception at the Harvard High school.

Those attending will meet in the auditorium, where a program will be given. Mrs. O. H. Spradling, president of the federation, will give the greeting. Later there will be speeches by Richardson D. White, superintendent of schools, and George U. Moyse, principal of the high school. Mrs. Mary Ogden Ryan, president of the Teachers' club, will speak on behalf of the teachers.

Features Listed

Mrs. L. D. Torrey, program chairman, announced as special features, vocal solo by Mrs. McDade; humorous reading by Mrs. Max Lynn Green; novelty dance, "Raggedy Ann and Raggedy Andy," by Eleanor Marek and Adrienne McDade, pupils of Pearl Keller. Later an informal social hour will be held in the cafeteria.

All school patrons and friends in Glendale are invited.

A. G. Whelon Tendered Farewell by Co-Workers

Members of the Glendale city engineer's department attended a farewell party to Mr. and Mrs. A. G. Whelon at their home, 457 West Ivy street, last night. Mr. Wheelon, who has been with the Glendale engineering department for the past four years, recently tendered his resignation to accept a similar position with E. L. Fleming of 324 West Dryden street. As a token of appreciation, Leonard Schaf, in behalf of the engineering department, presented Mr. Wheelon with a watch. About forty people were present. Refreshments served later by Mr. and Mrs. Wheelon. The party also was in the nature of a housewarming, as Mr. and Mrs. Wheelon recently finished remodeling their home.

Dobinson Players to Give Teachers Benefit

David Lawrence Proves He Is Political Prophet

Right again! While David Lawrence was the only correspondent to predict with accuracy the result of the close election in 1916, there were many writers who, in 1920 and 1924, forecast, as he did, the Republican victory.

David Lawrence had the distinction this year, however, of being the first to announce definitely that the election would not be thrown into the House; that La Follette would not be a decisive factor in the West, and that the third party would not get the electoral vote of more than one or two states.

On October 14, fully three weeks before election, David Lawrence, after completing a personal investigation of the West, disclosed the emptiness of the La Follette claims and demonstrated that election of Coolidge was inevitable.

On November 4, summing up the results of a 9000-mile journey from coast to coast, David Lawrence said President Coolidge would receive at least 333 votes, and possibly 366. This was not guess work, but a reporter's feat in getting the facts from those who knew the situation in all the northern and western states.

Readers have confidence in David Lawrence's dispatches, because he devotes himself every day to the task of interpreting national affairs, gathering his material first-hand and without prejudice.

LITTLE THEATRE OFFERS 'KEMPY'

Local Dramatic Club to Offer The Nugents' Comedy of New Jersey Life

"Kempy," a modern comedy, which has received favor among producers in many parts of the country, will be presented by the Little Theatre Players at 8 o'clock tomorrow evening in the Glendale avenue school under the direction of Joe V. Griffen. A good entertainment is anticipated as the players have devoted considerable time to studying the roles.

Scene of the play is laid in a New Jersey town in the home of "Dad Bence." Situations arise which make "Kempy" an amusing production. The players are sponsored by Community Service.

Cast of Characters

Music will be furnished by the Glendale Avenue school orchestra, directed by Miss Mildred Hughey. Other special numbers include a Highland Fling by Harriet Stryker and a vocal solo by Mayor Spencer Robinson.

Leading parts of "Kempy" will be presented by George Jansen, Harold Brewster, Mrs. H. C. Vandewater, Mrs. Harold Brewster, Mrs. Charles Gowan, Dorothy Morton Hastings, Joe V. Griffin, Paul Morgan.

"Kempy" was written by J. C. and Elliot Nugent.

Telltale Hum In Motor Silenced In War Plane

LONDON, Nov. 5.—Secret and exhaustive Air Ministry experiments have resulted virtually in the invention of a silent bombing plane. A motor silencer has been evolved which eliminates the telltale hum of the engines without reducing the power of the machine. Efforts are now being directed toward the elimination of the sound produced by the propeller and by the singing of the wind through the bracing wires. Experts say had the raiding German Gothas during the war been able to silence their engines London would have been devastated from the air.

Huge Sum Subscribed By Canada In 3 Hours

TORONTO, Ont., Nov. 5.—All records for domestic financing in Canada were broken when, three hours after the new $50,000,000 dominion refunding loan was placed on the market here, books were closed on account of heavy oversubscription of the issue. The sales opened at 9 o'clock in the morning and closed at noon. No canvassing for large subscriptions was carried on previous to the public offering, as has been the case in previous issues. The new loan yields 4½ per cent, with a twenty-year maturity. The number of small subscribers was larger than in any previous loan.

Union, Non-Union Coal By Canada In 3 Hours

MORGANTOWN, W. Va., Nov. 5.—The long-standing fued between union and non-union coal fields in West Virginia again was active today. Brady-Warner Coal corporation has obtained an injunction restraining union miners from interfering with the operations of its Osage mine. Day and night patrols by county officers and state police have been established in the Scott Run coal field, non-union, as a precautionary measure.

$1200 Brougham Of Old Class Auctioned at $2

NEW HAVEN, Conn.—A brougham that years ago cost its owner $1,200 cash was auctioned off here for a $2 bill, when effects of the late Timothy H. Bishop were sold at the Church street mansion, which is about to give way for a business structure. The once-proud vehicle went to a junkman.

HOMICIDE PENALTY SELDOM INVOKED

Out Of Every 145 Cases Only One Person Pays With Death, Report Shows

CHICAGO, Nov. 6.—Out of every 146 homicides in the United States, only one person pays the death penalty, according to Frank F. Hand, supreme vice-chief ranger of the Independent Order of Foresters, in an address here.

"In a recent survey of 146 typical homicide cases," said Mr. Hand, whose society has 165,000 members in the United States and Canada, "thirty-two were classed as 'justifiable.' In the other 114 instances, cases of unjustified murder, indictments were returned in only sixty-nine cases, or 60.5 per cent. Of the forty-five unindicted cases ne-third of the assailants remained at large, twenty-two committed suicide, and in eight the evidence was insufficient to warrant indictment.

"Among the sixty-nine indictments, eleven were 'no trial' cases. In the remaining fifty-eight trials verdicts of 'not guilty' were rendered in sixteen cases, or 27.6 per cent. Of the forty-one adjudged 'guilty,' thirty-five served time, with appeal pending in six cases; three were held for new trial, one was paroled and one was executed."

Yokohama Is Gradually Regaining Population

TOKIO, Nov. 6.—Yokohama is gradually coming back to its pre-earthquake size in population. This was shown in the census figures for September, which show 340,000 persons now living there. The month after the earthquake, a year ago, the population had dropped to 250,000. Of the former residents many were killed and others departed immediately after the disaster. The present population is within 100,000 of the former mark, and officials believe Yokohama will again be at its normal population, or above, within two years.

Retired Rail Engineer Has Six Sons In Line

DENVER, Nov. 6.—Six sons of John Reach, retired Union Pacific locomotive engineer, of this city, are employed in a similar capacity for the same railroad.

Until recently, when the father, having reached the age limit, retired, and previous to the death of another son, who was a Union Pacific fireman, eight male members of the Roach family were on the Union Pacific payroll.

Nutmeg State In Fear Of Losing All Fishing

HARTFORD, Conn., Nov. 6.—Connecticut's next legislature will be asked to set aside $50,000 to prevent the absolute closing of every stream in the state to public fishermen. The money would be used to secure leases on unposted streams, which are growing fewer each year.

Love Tragedies Make Lisbon Suicide City

LISBON, Nov. 6.—Lisbon is rapidly gaining a name as the premiere city of love tragedies. Statistics reveal that during one month alone no fewer than twenty-nine cases of suicide by men or girls who had been jilted were reported to the authorities.

ROTARY CLUB PAYS HONOR TO ACTOR

Montebello Society and Band Sees Home-Town Boy In 'Turn to Right'

William Harvey Stephens, member of the Dobinson Players, was honored last night by members of the Rotary club from his home town, Montebello, and a band of thirty-one pieces, who turned out at the performance of "Turn to the Right" at the Tuesday Afternoon clubhouse.

Mr. Stephens, who returned lately from New York City, studied two years with Walter Hampton, noted Shakespearean actor.

Before the performance the band gave an open-air concert in front of the playhouse. Mr. Stephens was the recipient of many flowers. Among the 150 persons from Montebello were Mrs. Charles W. Schaack, president of the Montebello Women's club; Myron McNeel, president of the Rotary club; Dr. Milton H. Parmalee, mayor of Montebello; Mr. Stephens' mother, prominent club woman; his father, city trustee of Montebello, and Rotarian.

Women's Clubs to Find Cure and Cause for War

WASHINGTON, Nov. 5.—A conference at which six of the largest women's organizations of the country will be represented will be held here January 18 to 22, to determine a cause and cure for war, it was announced today by the General Federation of Women's clubs. Organizations who will send representatives to the conference are the National League of Women Voters, National Young Women's Christian association, the Women's Christian Temperance union, American Association of University Women and the Council of Jewish Women.

The proposed meeting is the result of steps taken at the convention of the League of Women Voters in Buffalo last spring. At that time a committee representing the several women's organizations was formed. Mrs. Carrie Chapman Catt later appealed to the General Federation of Women's clubs for co-operation in an anti-war crusade.

Columbus Spaniard Not Italian, Woman Insists

LONDON, Nov. 5.—History books will have to be revised to make Christopher Columbus a Spaniard instead of an Italian, if assertions made by Mrs. Charlotte Mansfield in a book shortly to be published ("Columbus, a Spaniard") gain credence. Mrs. Mansfield bases her statements upon the results of a year's investigation which she carried out in northwestern Spain, accompanied by her husband, Lieutenant Colonel W. R. Mansfield. Italian documents, claiming that Columbus was born in Genoa, are forgeries, the writer said, even going so far as to say that an Italian royal decree, confirming Columbus' Italian origin is spurious.

Glendale Is Free From Disease, Says City's Health Head

Dr. Gerhard Kaemmerling, city health officer, announces through The Glendale Evening News, that there are no cases in Glendale of the virulent pneumonia prevalent at present in Los Angeles. He states the Glendale health department is in constant and close touch with the Los Angeles city and county and California state health departments.

"Glendale is unusually free from disease at this time,' says Dr. Kaemmerling, "and should any case of the malignant pneumonia be reported to me or located within the city I will immediately notify the public."

FIND COD LIVER OIL IS LIKE SUN

Doctors Discover Medicine Youths Hate Possesses Great Qualities

NEW HAVEN, Conn., Nov. 6.—The missing link between the animal and vegetable kingdoms may have been discovered in Yale Medical School, is the statement issued in describing research work done by Dr. I. Newton Kugelmass and Dr. Irvine McQuarrie, laboring in the Medical School Department of Pediatrics on a cure for rickets.

In the first place the doctors found that sunlight and cod liver oil had similar effects in curing rickets. They studied the proposition and then reached conclusions of interest. Says the report of the doctors' work:

"Those who recall their days of childhood dosings may think it far fetched, indeed, to term cod liver oil 'bottled sunlight,' but it is a similarity of curative powers between sunlight and cod liver oil which led directly to the research work of these doctors."

State Highway Board Headed to Southland

SACRAMENTO, Nov. 6.—The final inspection trip of the California highway committee will begin in Los Angeles, November 6, according to W. F. Mixon, secretary of the highway commission. Boards of supervisors and civic organizations in Los Angeles, Orange, Alameda, San Mateo and San Francisco counties will be interviewed between that date and November 12. This trip will complete eleven weeks of travel during which every county in the state has been visited in the effort to ascertain road necessities. Later a report will be filed with Governor Richardson.

Daily Greeting to News Readers

Everywhere are hearts that need and hunger for what you have to give, and God has given love to you for the very purpose of blessing those whom He sends to you day by day.—J. R. Miller.

DEMOCRACY IS OF THE SPIRIT

Someone defines a democracy as a government of law and order in which, when a matter is decided according to the forms of law, there shall be a peaceable acquiescence in the result.

A prominent citizen of a South American republic visiting the United States, said of our government: "I have observed that the Americans will carry on a political campaign with not a little bitterness, and yet, when it is all over, the candidates elected enjoy the loyalty of the whole people. It is different in Latin-American countries, where the defeated parties find it difficult to reconcile themselves to the victory of their opponents."

There can be no real democracy unless law is respected and the minority recognizes the right of the majority to rule; unless the laws are made by popular suffrage and subject to change in accordance with the will of the people expressed in legal ways; unless the people are loyal to these laws.

There can be no real democracy without loyalty. A democratic government is not merely a matter of form; it is of the spirit.

WE EXPECT WONDERS

An editor asks if we are happier today with the many improvements and inventions that have come to enrich life in the last generation than we were when living was more hum-drum and more simple. Certainly we are not. Because these things, that were unheard of a generation ago, are commonplace now. We would be unhappy if deprived of them, but they have become such a large part of our lives that we give little thought to the wonder of them.

Many of us remember when there were no automobiles, no moving pictures, when telephones and electricity were not in general use; more of us remember when there were no airplanes, and nearly all of us remember when there was no wireless telegraphy, no radio. We were happy and content without them, but when they came we accepted them complacently, without undue acclaim. But, we would consider ourselves hardly used if we were asked to do without them now.

This generation has seen so many wonders that we expect them, and accept them as a matter of course.

NEWSPAPERS AND CRIME

Recent statistics show that big metropolitan newspapers are devoting as high as 31.6 per cent of their news space to crime. Important industrial and world news about progress and development is crowded out with sensational matter that tends to develop more crime.

Publicity is one of the most potent deterrents of crime, and the good that newspapers do in exposing criminals should not be overlooked. But, the custom is becoming all too prevalent for newspapers to present crime in an attractive light and to write up court trials in such a way as to create a maudlin sympathy for the criminal.

Merchants and civic organizations in a number of cities throughout the country have taken this matter up and appealed to their newspapers to print less about crime and give more constructive news. The defense of some newspapers in publishing all the vile details of crime and of the criminal's life, that it is what the people want, is indeed insulting to their readers.

MAKING ENEMIES

"He has no enemies," we sometimes hear it said of a man. What kind of a creature is he? A little boy asked by his Sunday school teacher to tell about the Creation said, "God made man, then he took the brains and backbone out of man and made woman." This is the only kind of a man, the one sans brain and backbone, that has no enemies. The man who has stood up for the right, who has protected the weak or even dared to defend his own rights has enemies. The man who has attended strictly to his own affairs and yet achieved a little more success than his neighbor, has enemies, for failure hates success. The one whose children are a little brighter than those of his acquaintances has made enemies, for jealousy involves hatred.

People who do things always make enemies, and some who do nothing make them too. It is not necessarily a compliment to say a man has no enemies, nor is it derogatory to say he has many of them.

A LESSON FOR CITIES

A lesson for cities is found in the fate of Leningrad, esrtwhile known as Petrograd, originally St. Petersburg. The city from which the Russian nation was once ruled is about to give up the ghost. This is inevitable, it is said, because the city was artificially created. Its greatness was not due to the natural advantages of its site, but because it was created by Peter the Great, founder of the Russian empire, to be his "window toward Europe."

Some weeks ago a flood visited this once regal city, destroying millions of dollars' worth of property, and the inundation was followed by an epidemic of spotted fever. Flood and pestilence were only added accumulations to the woes of the city. Its population has been dwindling since it has long since ceased to be the capital city of Russia, and its commercial importance is gone. Whatever may be the future of Russia, the city from which it was once ruled cannot hope to survive, it is said.

CALLING NAMES

One of the easiest things to do, albeit the most childish, is to call names. It is so much simpler to let passion and prejudice hold sway rather than reason, so much easier to malign your opponent than to disprove his argument, so much less trouble to impute base motives to him than to contradict his facts.

The man who is quick to descend, in an argument, to vituperation and to questioning the motives of one who does not agree with him, is not thinking in terms of facts and principles. Personal interest is uppermost.

In this connection an exchange says, "The most difficult thing to do is to think. If anyone should doubt it, let him try it some time. Our fears, our hopes, our avarice, our ingrained prejudices, our hatreds determine our opinions and convictions more often than our reason."

When it comes to complexions, the cosmetic manufacturers have put it all over old nature.

The full cradle and the empty dinner pail are too often occupants of the same house.

WE, TOO, RECOGNIZE RUSSIA!

A Face Everyone Knows

By DR. FRANK CRANE

W. L. Douglas is dead.

He is a man with the most familiar face in the world.

He made the W. L. Douglas three-dollar shoe which is advertised very extensively. He recently died at the Peter Bent Brigham hospital of Boston and thus brought to a close one of the most extraordinary romances of American industry. He was a shoemaker, but probably the greatest shoemaker on earth, for, while other corporations may have surpassed his production in figures, he was virtually his own corporation and his Brockton factory was the largest ever built.

He turned out every year five million pairs of shoes, every one of which bore his likeness branded on the sole. He amassed many millions of dollars, served as mayor of Brockton, governor of Massachusetts and champion of labor arbitration.

At seven years of age he was a fatherless starveling, pegging shoes for an uncle, working twelve hours a day and standing on a box to reach the bench.

Working eight years on this salary, which was less than ten dollars a month, he supported his mother. He broke his leg, but went on working, hobbling on a crutch to the bench.

He walked four miles a day to school for three months every year.

Then he worked in a cotton mill for thirty-three cents a day, went out west and opened a little store in Golden City, Colo., with Alfred Sindley, and prospered very largely because he instituted the proper advertising campaign.

He returned to Massachusetts in 1870, worked as a shoe shop foreman and opened his own factory and branded his shoes with his own features. Rivals laughed at him, but he opened retail store after store and continued offering himself and his shoes to the public throughout the country until the tide of fortune turned and vindicated him as the pioneer of direct salesmanship.

He was a consistent Democrat in politics and was twice offered the chairmanship of the national committee.

He died fighting, as he had lived, holding his wife's hand. He was in his eightieth year.

Mr. Douglas was a typical American and should be an inspiration to all American youths.

Horoscope

Although Mercury is in benefic aspect late in the day, this is read as a most unfortunate planetary government. Uranus, Jupiter and Saturn are all strongly adverse.

Under this direction of the stars the mind may be easily perverted and much wrong thinking may be expected.

Hate, envy and jealousy may be manifested in many quarters, for the stars encourage intense love of self and great greed for individual glory.

All business matters involving uncertainty or risk should be avoided while this configuration prevails.

Impulses to settle accounts or to look into one's bank balance may be strong today and there should be fairly good luck for financial settlements.

The rule is good for newspapers and periodicals, although there will be many consolidations and changes.

Books of uncommon interest will be issued this holiday time, if the seers are to be trusted, and in several of them will be written prophecies of international relations that should be heeded, the seers declare.

Aviation, which will attract great attention when Congress assembles, probably will have to meet hostile influences of real power, it is prophesied.

Warning is given that much evil thought may be disseminated in colleges and universities at this time.

Washington again is warned of heavy losses to the government through fraud forgery and illicit dealings.

There is a sinister sign supposed to affect the enforcement of law under federal administration.

Tussia continues under a sinister direction of the stars which indicates a winter in which there will be much suffering among the people.

Persons whose birth date it is should not speculate or take any risks in the coming year. There will be much activity in all affairs and most of it fortunate.

Children born on this day may not be fond of business, but able to win success in law or politics. Girls subject to Scorpio are usually very attractive and remarkably clever as entertainers.

Today's Poem

NEVER TROUBLE TROUBLE

I used to hear a saying
That had a deal of pith;
It gave a cheerful spirit
To face existence with,
Especially when matters
Seemed doomed to go askew.
'Twas "Never trouble trouble
Till trouble troubles you."

Not woes at hand, those coming
Are hardest to resist;
We hear them stalk like giants,
We hear them through a mist.
But big things in the brewing
Are small things in the brew;
So never trouble trouble
Till trouble troubles you.

Just look at things through glasses
That show the evidence;
One lens of them is courage,
The other common sense.
They'll make it clear, misgivings
Are just a bugaboo;
No more you'll trouble trouble
Till trouble troubles you.

—St. Clair Adams.

The Glendale Gun club will hold a practice shoot at the club ground November 9.

A Glendale American football team journeyed over to San Fernando on Saturday afternoon and defeated the high school team of that city by a score of 54 to 0.

Samuel Parker of Glendale says: "Los Angeles is about to swallow up all the San Fernando valley above Burbank, all that region being seemingly willing to sell their locality birthright for a mess of pottage water. Won't Los Angeles 'pell' them on taxation and assessments?"

Who's Who

Although the retirement of Samuel Rea as president of the Pennsylvania railroad system will not occur until he reaches the age of seventy next year his successor has already been chosen, according to word from New York. The man is General W. W. Atterbury, now vice president.

William Wallace Atterbury was born in New Albany, Ind., January 31, 1866 and was educated at Yale University where he received a Ph. B. degree at the age of twenty. In 1911 he was granted an honorary A. M. degree by the same university and in 1919 he received the degree of LL. D. from the University of Pennsylvania.

The year of Mr. Atterbury's graduation from Yale university he began work as an apprentice in the Altoona shops of the Pennsylvania railroad. Later he became road foreman on various divisions of the same line. From 1892 to 1893 he was assistant engineer of the Northwest System of the Pennsylvania Lines motive power.

During the three years that followed Atterbury was stationed at Fort Wayne, Ind., as master mechanic for the Pennsylvania Co., and for the next seven years until 1903 he served as general superintendent of lines east of Pittsburgh and Erie, Pa. From 1903 to 1909 he was general manager of that division.

During the world war Atterbury was granted a leave of absence by the Pennsylvania railroad and in the rank of brigadier general of the U. S. army he directed construction and operation of the U. S. military railroads in France.

He was awarded the Distinguished Service medal by the United States. France, England and Belgium, honored him by making him commander of the Legion of Honor, Companion of the Order of the Bath and Commander of the Order of the Crown.

Atterbury is a member of the American Philosophical Society, of the American Society of Civil Engineers, American Society of Mechanical Engineers, American Academy of Political and Social Science and the American Railway association of which he was president from 1916 to 1917.

Comment From Exchanges

ARMISTICE DAY

(From Pasadena Star-News)

Turn Armistice day into an occasion for intensive thought and effort for peace, is the good suggestion of President Coolidge. "We shall make our greatest contribution to human welfare," says Mr. Coolidge, "if we shall on this international anniversary of peace restored, turn our thoughts and endeavors to the ideal of peace perpetuated, assured and established as a universal benison." Mr. Coolidge, however, would not fail in acknowledging "our obligation to those whose noble service won the victory and established our complete independence." But along with this, says Mr. Coolidge, "we shall have in mind the thought of peace gained for all the world and all time through co-operation of the same liberal forces that brought the victory."

About the most powerful force in this country for just and enduring peace are the gallant survivors of the Civil war, the war with Spain and the World war. These brave men have experienced the horrors of warfare. They know its terrors. They realize the anguish and the ruin that it entails. They do not want any more war, if it honorably can be avoided. They are for just peace. It is fitting, therefore, that, in cherishing the glorious memory of those who fought for the fruits of Armistice day, to foster acceptable movements for the promotion of peace throughout the world.

SPIRITUAL VALUES

(From Pasadena Star-News)

Modern life is strenuous. Materialism is engrossing. Material affairs monopolize men's attention and interest. Too often this crowds out the proper regard for things spiritual.

There is need, in the life of every individual to take stock frequently, and determine spiritual assets and liabilities. If life is made altogether material—if the spiritual is crushed under a great weight of materialism—then, indeed, is the situation calamitous.

The essence of the spiritual development of man is service to others—useful, helpful service. There are almost countless channels in which and through which this helpful ministration can be given. As Thanksgiving and Christmas holidays approach, there are many worthy philanthropies toward which one may contribute—to feed the poor, to minister to the sick; to give help to the helpless; to remember the orphans; and to say the encouraging word and do the encouraging deed, to help the discouraged, beaten down by misfortune and failure.

If the spiritual impulses in men to serve others were aroused to the degree that the Christ would have, the whole aspect of human life would be changed and the world be transformed into a veritable Eden.

MILK COW HOLDS WORLD'S RECORD

Holstein, Eleven Years Old, Produces Forty-seven Quarts Daily

MILWAUKEE, Wis., Nov. 6.—Segis Pietertje Prospect, champion milk cow of the world, on exhibition at the recent National Dairy Show here, yields her own weight in milk every eighteen days.

The champion of champions is an eleven-year-old Holstein, bred in America. She holds the two highest milk records ever made. Her world's record is 37,381.4 pounds of milk in a year. Her other record is 35,550.4 pounds.

For two years Segis Pietertje Prospect averaged more than forty-seven quarts of milk per day. This is a ton and a half a month, or eighteen tons a year. The queen of dairy animals has her royal residence on a farm near Seattle.

Sues Former Copper Magnate For Divorce

LOS ANGELES, Nov. 6.—Demanding monthly alimony of $3000 and a share of community property valued at $15,000,000, Mrs. Rosallio Butler brought suit for divorce today against Cooley Butler, former Duluth, Minn., copper magnate.

Propulsion Of Boats By Air New Invention

LONDON, Nov. 6.—The propulsion of a boat by air beneath the water line, recently demonstrated in London, will revolutionize marine engineering, it is believed. The invention of an Australian engineer, the device does away with propeller shafting and thrust block, thus saving frictional losses in speed. An engine-driven blower in the fore part of the boat forces air through tubing running under the bottom of the boat on each side of the keel, the air passing through thousands of holes in the tubing in the after part of the boat, driving the boat ahead.

$50,000,000 Docks To Be Built In England

SOUTHAMPTON, Eng., Nov. 6.—Following the recent action of the Cunard Steamship line in landing passengers from New York at Plymouth instead of here, the Southern Railway Co. has announced plans to extend the Southampton docks, at a cost of $50,000,000. Work will not be completed for five years, but at the end of that time the Southampton docks will be able to accommodate four liners the size of the Leviathan at the same time.

Gases important in the commercial world are obtained from the air by liquefying it under heavy pressure.

Rain-Proof Floors

THE atmosphere in this home is not darkened—even on rainy days—by a constant volley of "Don'ts." What if the children do tramp through the house with their wet boots and umbrellas? Floors finished with BASS-HUETER *Floor and Linoleum Varnish* do not show the difference. They are covered with a film made to stand water.

Furthermore, floors that have been protected with BASS-HUETER *Floor and Linoleum Varnish* are wear-proof as well as water-proof. The wear comes on the varnished surface, and the wood itself is untouched by the hardest usage. All floors and linoleums should be covered with this varnish that stands every test. The directions on each can give full instructions for using, and the work is not difficult.

BOY EMPEROR OF CHINA PRISONER

'Son of Heaven' Watched by New Dictator Who Forces Him to Evacuate Palace

SHANGHAI, Nov. 6.—China's Son of Heaven, "the boy emperor," who has been virtually a prisoner within the forbidden city of Peking since the fall of the Manchu dynasty, is without a home. Peking dispatches, sifting through the censorship imposed by China's new dictator, Feng Yuh Hsiang, revealed the boy has been forced to evacuate his palace.

A strong wave of popular feeling is sweeping China as the result of this action on the part of Feng, as the boy emperor, although dethroned, is still looked upon by the millions in China as the "Son of Heaven," and revered with no less affection than when he sat on the throne.

Allowance Cut Down

In addition to forcing him from the imperial palace, Feng seized the emperor's seals and forced an agreement providing for the abolition of the ancient Manchu titles and of the remnants of the imperial court.

The imperial allowance, at the same time, was reduced from four million yen to a mere pittance of half a million a year.

The new agreement forced by Feng provided that the boy should be permitted to live anywhere, but the republic retained responsibility for guarding him.

U. S. Plans Expansion of Its Foreign Trade

WASHINGTON, Nov. 6.—Expansion of American foreign trade is the objective of commerce in establishing new trade commission offices at a number of points, and the enlargement of the forces in the already existing foreign stations. New offices have been opened, or are planned, at Helsingfors, Finland; Christiania, Hamburg; Bombay and Calcutta, India; Montevideo, Uruguay; Ottawa, Canada, and Canton, China.

Japanese To Establish Own Village In Brazil

TOKIO, Nov. 6.—Thirty thousand acres of land have been purchased by a Japanese emigration society in Brazil, where it is planned to establish a Japanese village. The land is located 200 miles from Sao Paulo, and was sold to the Shinano Emigration society by the Brazilian government, says a cablegram received from the society's agent, Mr. C. Nagata.

Hunter Drops Flock of Ducks With 2 Charges

BATAVIA, N. Y., Nov. 5.—Clarence Wyckham, of Alabama, today claims the duck-hunting championship of Genesee county. He fired two shots from a single-barreled shotgun and got five ducks, the entire flock, which alighted on a pond on his father's farm. He fired at the flock and got three, when the other two raised and alighted farther on. Wyckham got these on the next shot.

Irish Take No Chances In Cripples Cashing In

DUBLIN, Nov. 5.—The thoroughness of the Irish was shown recently when a pilgrim ship left Dublin for Lourdes, the famous French shrine for cripples. Coffins were taken aboard the ship as a precaution against any of the pilgrims—many of whom were in very delicate health—dying on the voyage.

Normally 400,000 houses are built annually in the United States.

SUGGESTS SCHOOL BOARD HOLD SITE

Sale Now of Harvard Street Property Not Best, Says Dr. Harrower

Editor, The Evening News:—Will you afford me space for another communication? In view of the outcome of the election, it should be apparent to all thinking citizens that developments which increase taxes will only be accepted when they are considered and acted upon by themselves. In other words, the principal reason that the civic center campaign failed was because several strings were tied to the actual purchase of the property in question.

I was delighted with the sentiment expressed by Charles Guthrie in his letter last night. The only thing to do to obviate a repetition of this same experience is to get together and not have Brand boulevard people throwing mud at Glendale avenue people, and vice versa.

There were far too many personalities in this closed campaign. The comments made regarding Mr. Ingledue's relations with the city were altogether uncalled for, for he has just as much right to rent space in a "ramshackle fire trap," or whatever it was that his opponents called it, as the city has to rent it from him. Everybody knows that this space is used by the city because it is the nearest and most convenient available space, in spite of its limitations.

Reverse Decision

There are two things that must be done and should be begun at once. The first is to see to it that the school board reverses its decision in regard to the disposal of the Harvard High school site. It must not be sold, and I suggest that it would be a civic duty, in view of the differences which both sides in this controversy have been manifesting, to prevail upon the members of the board to retain the school property intact, use it for its present purposes, and to allow the development of the city of Glendale to increase the value of this property for the benefit of the taxpayers, rather than the benefit of a few individuals who might, together or individually, purchase this central property.

The next thing concerns the extension of the present facilities in the city hall. We need three times as much room, and the city of Glendale is big enough and progressive enough to get a respectable city hall made to order—not patched up out of an old building that was designed for an entirely different purpose.

Build Structure

I have been accused of sectionalism, and I confess that I am interested in my side of town in a greater degree than in other ends of town, and I do not blame others for having similar opinions and acting upon them. Naturally those of us in this part of Glendale are loath to see the city hall taken away from its original location. We oppose this just as naturally as those in other sections would oppose the removal of an important building or institution.

My suggestion is that the city fathers proceed to secure the two lots immediately to the west of the alley which divides the present city hall from this property. They should take proceedings to close the alley and build upon this acquired land one-half of a respectable, made-to-order city hall. When this is finished it could be occupied by the present offices and the present building torn down and the other half constructed. I do not believe that the cost of this building would be much greater than the $150,000 that it was expected would be spent in remodeling the high school property.

The only way to accomplish great things is to get together and let the outcome of this second attempt to put over a proposition which was sectional teach us the vital importance of co-operation. Let us all make Mr. Guthrie's dream come true and have this state of affairs stopped.

Duke and Duchess Take Suite With Queen Mary

LONDON, Nov. 6.—Duke of York, second son of the king and his wife, the duchess of York, have a new home—in Buckingham palace. Queen Mary has set aside a suite of six rooms on the garden front of the palace for the young couple, directly above her own private apartments. The Duchess of York is the queen's constant companion. The suite, which is being entirely redecorated and refurnished to satisfy the desires of the young duchess, will not be the permanent residence of the duke and his wife. They will continue to do most of their entertaining at their White Lodge home.

First Woman Ordained By Methodist Churches

NEWARK, N. Y., Nov. 6.—Mrs. Emma Iredale, wife of the Rev. John Iredale, pastor of Tyre M. E. church, is the first woman ordained to the deaconate in Central New York Methodist Episcopal conference. She qualified by four years' study. She has been ordained by Bishop Adna Wright Leonard. This is the first year of Methodism when a woman could be ordained to the deaconate, under the title of local deacon, and having all privileges of a fully ordained minister, except voting at the conference.

Girl Hit By Bolt In Alhambra, Suit Filed

LOS ANGELES, Nov. 6.—Jessie Spear, guardian for Janet Spear, aged 7, has filed suit for $15,000 damages in the Los Angeles county Superior court as the result of the girl being hit by a molten bolt during the course of construction of a building at the southwest corner of Second and Main streets, Alhambra, several weeks ago. Defendant includes the city of Alhambra, R. C. Farmer, superintendent of streets; C. E. Jenkins, chief of the department of public works; the First Bond and Mortgage Co., and the Union Iron Works. The complaint alleges proper precautions for the safety of pedestrians were not taken.

Exiled Bulgarians Seat Of Assassination Ruse

SOFIA, Nov. 6.—Origin of the recent false rumor of the assassination of King Boris of Bulgaria has now been traced to the exiled leaders of the Bulgarian Peasants' union, now living lavishly in Belgrade. Exiled leaders, including Athanassoff, Oboff and Thodoroff, who are said to be subsidized by Moscow, meeting in Belgrade recently, formed a provisional government whose program was the overthrow of the present Bulgarian cabinet, dethronement of King Boris and the murder of Premier Tsankoff. As a result of this action the rumor spread that Boris had been assassinated.

Rain-Soaked Haystacks Now Dried by Hot Air

LONDON, Nov. 6.—Drying haystacks by means of hot air instead of the old-time method of allowing the sun to dry them is the latest agriculture invention. The air is injected into the stacks from a compressed tank, and it is claimed that a haystack can be dried by this means inside of two hours and at a fraction of the cost of other methods. Invention is the idea of the wife of the director of Oxford university institute for agricultural research, who thought of it while having her hair dried by the hot-air method at the local hair-dressers.

Amendments Will Be Effective Next Month

SACRAMENTO, Nov. 6.—All constitutional amendments which were approved by the voters in Tuesday's election will become effective about the middle of December, when the official count is completed, Secretary of State C. J. Jordan announced today. Jordan predicted a week ago that Coolidge would carry the state by 275,000. Returns, he said, indicate that the president's majority will be within 10,000 of that figure.

Take $185,000 Worth of Gems, Return For Cash

NEW YORK, Nov. 6.—A broad plate glass window in a downtown office, giving a free view of the interior to passersby outside, failed to deter four thieves, who casually opened a safe, after tying the proprietor and three friends, and escaped with diamonds and other gems valued at $185,000. So greedy were the four that, after having left the office and started to make their escape, they returned and took from the pockets of their four victims $200 in cash.

Motion Picture Heads Come To Legal Blows

LOS ANGELES, Nov. 6.—"When Law Came to Hades" came to law today in a cross-complaint and suit alleging $534 is due for advertising that production. Ed H. Martin is the original complainant against Sanford Productions, alleging it failed to give him distribution for this motion picture. The company in turn claims Martin failed to pay his advertising bill and withdrew the film from their custody.

Windshields of Passing Autos Blind 300 Chicks

CLEVELAND, N. Y.—Cyrus the yard from the windshields of McGlum, chicken fancier, found his 300 Rhode Island Reds staggering about the poultry yard. Investigation showed all were blind. He discovered the blindness came from the sun being reflected into passing autos on the North road.

Pomona Woman to Annul Son's Marriage

LOS ANGELES, Nov. 6.—Mrs. Emma Schultz of Pomona has instituted suit to annul the marriage of her son Carl Andrew Schultz to Jewel Billie Yeary at Ramona, San Diego county, August 17, 1923, alleging the bridegroom was under age and did not have her consent.

Bobbed Hair Serves As Excuse For Juror

LOS ANGELES, Nov. 6.—Because she pleaded she could not think with bobbed hair, Mrs. Mildred St. George was excused from jury duty here. Mrs. St. George said if no other woman on the jury had bobbed hair, she would be so embarrassed she would not make a good juror. She was then excused.

Dumb People Will Talk If New Invention Takes

LONDON, Nov. 6.—Artificial reproduction of the human voice, enabling dumb persons to speak, is practically assured by an invention now being perfected by Sir Richard A. S. Paget, a London lawyer, who for many years has been interested in inventions. Models, already designed by Sir Richard, by proper manipulation, have been made to pronounce the words "mother," "weather" and "Harry." As soon as further modified resonators have been constructed the inventor confidently expects to be able to reproduce all the vowel and consonant sounds of the English language. Sir Richard first constructed a plasticine resonator, shaped in imitation of the human mouth cavity, to which he added an artificial larynx, which consisted of a rubber strip fixed edgewise across a flattened air passage formed in paraffin wax and encased in plasticine.

L. A. EXCHANGE

LOS ANGELES, Nov. 6.—Slight reaction from yesterday's flurry on the Los Angeles stock exchange was noted this morning with an attempt to hammer the market price of several issues apparently taking place.

Holly Development, a popular oil trader, opened at $1.19 and gave way a half cent, only to retain its opening price on second call. Union Associates likewise suffered a bit, opening at $60. U. S. Royalties sold firm at $6.50, while Standard of California made a 1-4 point gain, going to $59.75.

Utility issues were strong, with Edison preferred selling at $105 and common at $100. Los Angeles Gas and Electric sold well at $88.25.

Pacific Gas and Electric bonds dropped back 1-8 to $97.50, while Union Oil bonds were the next best seller in a scattered field at $103.50.

Simon Silver was the only active mining issue, selling lightly at 5 cents. It was more than apparent that traders are fearful of the bull market and sellers are holding tight.

NEW YORK CLOSING

By W. S. COUSINS
For International News Service.

NEW YORK, Nov. 6.—The stock market encountered more resistance in the forward movement of prices today. The higher levels established by many of the active market leaders invited profit-taking on a large scale, while renewal of short selling was also undertaken in some sections of the speculative list. Commission houses reported heavy demand for stocks from important speculative centers throughout the country, more than counter-acting the effect of seasonal short selling and profit-taking.

Before this selling appeared, however, stocks were leading another brisk advance in prices to the highest levels for the movement and with the best records made by the low priced rails in which dividend action is expected. St. Louis and San Francisco was the leader in this group, its advance to 40 setting a new high record for all time in that stock. The Wabash, St. Paul and Missouri Pacific stocks were also in good form.

American Can was the best stronghold of the bulls, holding its ground above 140, while U. S. Steel, Cast Iron-Pipe and other industrial stocks sold down fractionally from the opening. Rumors today placed American Can for a stock dividend and the splitting up of the stock. Encouragement was given to this view by the action of American Radiator directors, in declaring a fifty per cent stock dividend.

Washington dispatches to the effect that President Coolidge will renew his efforts for a larger reduction in income and corporation taxes in the next session of Congress were very gratifying to the financial district and helped to stimulate interest in industrial stocks.

Irregularity in price movements was first seen today in the motor stocks, followed by the independent steels. Price cutting in popular cars, instituted today by Willys-Overland, which reduced prices of sedans $110, was the reason for heavy selling of motor stocks. Chandler lost 3 1-2 points at 28 and made a new low for 1924; Willys-Overland preferred lost one point to 64 3-8; Studebaker was down one point.

Declines of a point or more were also made by American Sugar, Woolen and other popular industrial stocks, which had been carried along by the enthusiastic burst of speculative buying yesterday, but found no prospective purchasers at the higher price levels. Industrial stocks received little attention, notwithstanding that two of the largest buyers of crude posted increases in their purchasing price today, while country-wide production showed another heavy decline.

Stock sales today totaled 1,662,300 shares; bonds, $18,837,000.

Famous Composer Asks 'Prelude' Be Forgotten

LONDON, Nov. 6.—Serge Rachmaninoff wants the world to forget that he composed the world-famous "Prelude" fifteen years ago. He recently arrived in England for a short vacation and to give two concerts.

"Everywhere I go they play it," he complained. "Whenever I play at a concert I must play the 'Prelude.' I think at every concert I have played I must have played that piece. I have heard it too much."

American Firm To Take Over Irish Fish Plant

DUBLIN, Nov. 6.—Reports are in circulation here that an American company, with a capital of $5,000,000, is being formed to take over the Irish fishing industry. The intention is to organize the industry into one indivisible unit, so that the losses incurred in one part of the country may be recouped by profits made elsewhere.

LONG BEACH, Nov. 6.—While her mother sat sewing in an adjoining room here, Lillian Dickinson, 28, killed herself by taking a poison potion, according to police. Ill health was assigned as the reason for the woman's suicide.

BOXING BILL'S DEFEAT IS PREDICTED

Late Returns Show Heavy Vote In Country Counties Against Measure

(Continued from Page 1)

giving it a majority of 8500, but all other counties reporting went from one and one-half to one to three to one against it.

Defeat Power Act

In Alameda county, where the proponents of the bill had hoped to win a majority, the measure was defeated, the vote there standing: For, 50,013; against 53,757.

Eldorado, Fresno, San Joaquin, Santa Cruz, Siskiyou, Sonoma and Tulare counties all were strongly against the measure.

California has gone on record against the water and power act, which would have created a commission empowered to utilize vast remaining water power projects of the state. This is the second time the measure has gone down to defeat, and this time the vote is most decisive. Tabulation today of votes from representative counties all over the state, including the larger centers of San Francisco, Los Angeles and Alameda, gave the following totals: For, 149,213; against, 355,183.

Auto Bus Taxation

Returns yet to come will make no appreciable change in this ratio, as the smaller counties in which tabulation of the vote on the amendments is yet to be made, are voting generally two to one against it.

Considerable interest centers in Amendment No. 1, providing a state tax on auto bus companies and relieving them of several forms of state taxes.

Its adherents were claiming victory today for it on basis of incomplete returns, which showed a majority of about 50,000 in one-third of the vote of the state. Opponents of the measure, including the automobile clubs and highway officials, were not willing to concede it victorious, as they said the smaller counties would vote against it because it would reduce funds available for good roads by relieving the auto bus companies of several forms of taxation.

Defects Are Claimed

Two of the three amendments claimed to be defective were defeated, returns today indicated. They are No. 5, which, if passed, would have invalidated the state veteran aid legislation, and No. 10, overthrowing the present form of state taxation. No. 12, however, which was said to contain a "joker" authorizing the legislature to increase salaries of supreme and appellate judges, apparently has won. No. 2, increasing legislators' salaries, appears to have won easily.

U.S. BUSINESS EXPANSION TO RESULT

Conservatives Win National Victory; Mistakes of Democratic Party

(Continued from page 1)

a leader, he will feel more confident than before of the support of public opinion throughout the nation.

Hesitant and cautious heretofore because he was serving the unexpired term of his predecessor, Mr. Coolidge now can feel in the next few months as well as in the four year term beginning March 4 that he has the country back of him. He can re-make his cabinet and with sure-footedness lay before Congress his legislative program.

Two political theories were tested at the polls this time. One was whether guilt was collective, whether a party could be held strictly to account for misdeeds of a few of its members and the other was whether economic issues could be made paramount in the voter's mind.

Verdict of People

The people replied that guilt is individual, that Calvin Coolidge was not tainted with the scandals of preceding administrators and that his personal honesty and integrity were sufficient answer to the cries for honesty in government. Nobody in the campaign accused him of dishonesty but opponents asserted that the Republican party should be punished. The country chose to think not of parties but of persons.

As for the doctrine that an administration in power cannot be overturned if business conditions are good and agriculture is faring well, this election furnished another corroboration. Just as in 1916, the administration was retained on the prosperity issue just as in 1920 it was voted out of power because of economic disturbance and the after effects of the war so did Coolidge benefit this time by the relatively big improvement in the business and farm world developed this year.

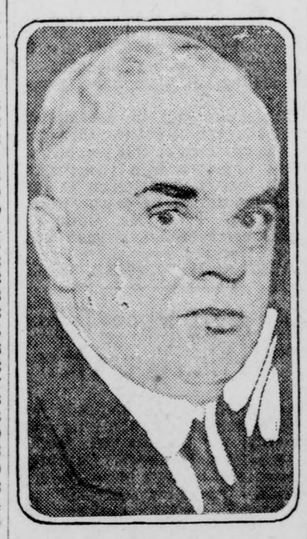
Means Better Business

Whether politics can make better times or save the day when distress comes is secondary to the all-important fact that the incumbent benefits when prosperity to either being enjoyed or near at hand. Unquestionably the American business men for the most part convinced themselves that the election of Coolidge meant better business for them. Most Democrats in the north and west felt that way in mercantile circles. It ought to mean an unprecedented boom, irrespective of whether it had a substantial foundation for business history shows that psychology often rules the day.

If all the business men of the nation feel they can go ahead with plans of expansion because Coolidge is elected then the question of whether they should have held back to await the outcome of the election can be brushed aside as inconsequential. For they will,

U. S. Senator

CHARLES S. DENEN, Republican candidate, who was elected to the U. S. senate from Illinois. He formerly was governor.



no doubt, derive considerable comfort and encouragement from the decisive victory given the most conservative of the three candidates.

Causes No Surprise

La Follette's failure to carry the electoral vote of the west may be a surprise to some people, but not to those who investigated the west. This correspondent found, for instance, in September, on reaching Wisconsin, that La Follette's strength there was greatly diminished and that he would carry the state by a lower vote than ever before in his political career. North Dakota was found to be close with a chance for Coolidge to carry it. These two states indicated at the outset that La Follette's power had been over-estimated generally and therefore this writer on finishing a tour of the west felt confident in saying that the Wisconsin senator would not throw the election into the House or be the decisive factor he had expected to be and that he couldn't feel sure of a single state in the west except perhaps Wisconsin and North Dakota. The final returns indicate that La Follette drew mostly from the Democrats and was simply the best ally President Coolidge could have for the third party candidate merely made sure of Coolidge pluralities everywhere.

Lessons for Democrats

The Democrats have many lessons to take to heart. But the principal one is that they now must choose between conservation—in which the Republicans can count on outdoing all imitators—and liberalism which shall retain the normal Democratic vote that stayed with Davis and attract the votes cast for La Follette. The third party leaders will not be willing to stay out in the political wilderness. They will start thinking of a coalition with the Democrats. The southern conservatives in the Democratic party will naturally fight the ascendancy of anything that may be called radicalism but the next Democratic national convention will not make the mistake of last July in naming a middle-of-the-road candidate, no matter how capable he may be.

Year for Conservatives

For in this campaign John W. Davis was never accepted in the west as a substitute for La Follette or even as an Coolidge but rather as a man of the same school of conservative thought. McAdoo would have appealed to the La Follette voters and perhaps have prevented third party ticket but he couldn't have carried the east as it seems reasonable to conclude that McAdoo would have made a better run than Davis and that Al Smith might have done better than Davis, too, but that neither McAdoo nor Smith could have beaten Calvin Coolidge this year. Smith might have gotten some eastern states but not the west. McAdoo would have gotten certain western states but not enough in the east. It was a year for conservatives and the person not party power.

CONTROL OF CONGRESS IN DOUBT

Republican Margin Slim If La Follette Followers Join Democrats

By WILLIAM K. HUTCHINSON
For International News Service.

WASHINGTON, Nov. 6.—With the La Follette insurgent group's grip on Congress shaken but not entirely dislodged, rumbles of a new political storm were heard here today over the possible defeat of Senator Smith W. Brookhart, deputy leader of the bloc.

Senator Brookhart's supporters charged his defeat as a Republican candidate while President Coolidge was rolling up a tremendous majority was due to the alleged action of the Republican state organization supporting Daniel F. Steck, his Democratic opponent. As a result, they were swearing vengeance in Brookhart's name.

Presiding Officer

With La Follette continuing to swing a balance of power in the sixty-eighth Congress, reports were current that his bloc would declare war upon Senator Albert B. Cummins of Iowa, bitter foe of Brookhart, who will seek re-election as presiding officer of the Senate in the second session, which opens next month. The La Follette group say they can throw Cummins out of the post and, by combining with the Democrats, elect a minority member to the choice political plum. Brookhart's friends are advising this action.

Final reports on Tuesday's election results meanwhile showed that La Follette will continue to exert considerable influence on legislation in the next Congress. With the Republicans gaining four Democratic seats in Colorado, Massachusetts, Oklahoma and Kentucky, but losing two in Iowa—(Brookhart) and New Mexico—a net gain of three for the administration forces—the insurgent group must win additional recruits to wield an iron clad balance of power.

Senate Lineup

The Sixty-ninth Congress, however, will not meet until December, 1925, unless President Coolidge should call a special session in March, following his inauguration. The lineup of the Senate members left in the La Follette bloc, the administration would have a working majority on paper of four, even though La Follette cast his lot with the Democrats.

In this Republican majority, then will be fifty-four Republicans, forty-one Democrats and one farmer-laborite. This will include a Republican successor to Senator Brandegee in Connecticut.

With only four "die hards" however, are listed such independents as Borah of Idaho, Johnson of California, Couzens of Michigan, Norbeck of South Dakota and Howell of Nebraska.

Margin Slim

In addition two of the newly elected Republicans—McMaster of South Dakota and Schall of Minnesota, have public records more in alignment with La Follette's than with the organization ranks. Eventually, both may be expected to line up with La Follette. On one occasion in the House, Schall, then a Republican, voted for Champ Clark, the Democratic leader, for the speakership in preference to "Uncle Joe" Cannon, the Republican candidate.

The margin of Republican control will be so slim that a handful of absentees would give La Follette virtual domination. The gaining of two recruits of any measure would bring the same result.

fice. In a similar situation in 1904 Theodore Roosevelt is said to have remarked to Mrs. Roosevelt, "Madame, your husband is no longer a political accident." And to some friends he is reported to have said, "Now watch me." There followed some sanguinary battles between T. R. and the Senate old guard.

It was learned officially at the treasury department today that Secretary Mellon would remain in the cabinet.

Extreme rectitude has thus far marked Mr. Coolidge's demeanor toward Congress. He has during his year and a half attempted "no stick" methods. One reason perhaps was that Republican control of Congress was only on paper. He "pushed" the Mellon plan, he vetoed the bonus and the postal pay increase bill, but in so doing he didn't fight Congress in the sense that Roosevelt did.

Returns Still Indicate Coolidge Vote Will Be 379

WASHINGTON, Nov. 6.—Earlier electoral college estimates of 379 for President Coolidge were unchanged by later returns today. John W. Davis will have 139 electoral votes, and Senator La Follette only the thirteen from Wisconsin.

In Coolidge's total at noon today were included the states of North Dakota, Arizona and Montana, where the final result was still in doubt, but where the Republicans were leading. New Mexico, on the other hand, went into the Democratic column on the face of late returns. The electoral vote stands:

COOLIDGE—Arizona 3; California 13; Colorado 6; Connecticut 7; Delaware 3; Idaho 4; Illinois 29; Indiana 15; Iowa 13; Kansas 10; Kentucky 13; Maine 6; Maryland 8; Massachusetts 18; Michigan 15; Montana 4; Minnesota 12; Missouri 18; Nebraska 8; Nevada 3; New Hampshire 4; New York 45; North Dakota 5; New Jersey 14; Ohio 24; Oregon 5; Pennsylvania 38; Rhode Island 5; South Dakota 5; Utah 4; Vermont 4; Washington 7; West Virginia 8; Wyoming 3. Total 379.

DAVIS—Arkansas 9; Alabama 12; Florida 6; Georgia 14; Louisiana 10; Mississippi 10; North Carolina 12; New Mexico 3; Oklahoma 10; South Carolina 9; Tennessee 12; Texas 20; Virginia 12. Total 139.

PROTEST ON CONDITION OF ROAD

Sunkist Trail Is Shortest Route to Los Angeles But That's All

By SPARE TIRE
For Southland News Service.

Have you ever traveled the Sunkist trail? Those who have will tell you it is the "some Cussed" trail, with Dick Wick Hall of The Salome Sun leading in the chorus. It is the shortest route between Los Angeles and Phœnix—and the roughest. As a chubby old clubber might say, "It has all the hazards and none of the comforts." But there is hope high in the hearts of residents of Blythe, Quartzite and Salome that the Yuma county Board of Supervisors will give Dick Wick Hall something more than dynamite to pave the trail.

Also, it might be interesting to California authorities to know, according to a current copy of The Coachella Valley Submarine, that Riverside and Los Angeles business men are losing tourists to San Diego because of the condition of the road between Oasis and the Imperial valley highway. An Imperial county highway takes them over the Borderland trail into San Diego.

Need of Bridges

Extensive programs under consideration by the highway commission of California and Arizona will bring the Sunkist trail above standard. Passing, as it does, through rock-ribbed canyons, crossing the Colorado river at Blythe, where flood season finds the ferry tied up, it is a road well worthy of attention.

A bridge should be built at Blythe, instead of only "maintained," and Arizona should knock the bumps off Dick Wick Hall's domain.

Requires Money

Although such an ambitious program will take money in large sums on the part of both California and Arizona, it will give the best and shortest route to the East through Arizona. And it is just for that reason that Yuma opposes the road, no doubt, as do other desert communities which would not be favored by the bulk of travel.

However, there is some question in the minds of the motorists whether they are the ones to be favored, or the crossroads storekeeper. Little does it bother them if Quartzite or Yuma get their passing trade, as long as they can get across the desert stretch in the shortest order.

Auto Club Claims Road Hog Causes Serious Accidents

Ostracism of the road hog of today, just as the slacker during war times was given the cold shoulder by his fellows, is advocated as one method of reducing automobile casualties, according to traffic authorities. Failure to give right of way is responsible for many accidents in the tabulations that have been compiled by motoring organizations, and it is the unanimous opinion that the road hog is the chief hazard of the highways.

The Automobile Club of Southern California is leading in a nationwide movement to make the highways safe, both for pedestrians and motorists, and is urging the co-operation of every individual to this end.

SELECTS GARAGES TO AID MOTORIST

Auto Club Service Proves Help to Those Whose Cars Are Stalled

The emergency road and tow car service recently established by the Automobile Club of Southern California is serving to distribute repair work among the garages in the vicinity of where trouble is encountered by drivers. This situation is appreciated by garage owners and motorists alike in Glendale and the new plan is meeting with general approbation, the club says.

The average time for getting stalled cars under way for the first month the service was in effect was nine minutes. This remarkable record is attributed largely to the fact that the automobile club has contracted with official garages in every portion of Southern California, so that wherever the motorist encounters trouble, help is available within a few miles.

Pick Many Garages

The maximum distance is about ten miles, although it has been found that the garages are so well placed that at least one or two of them are within two or three miles of the majority of trouble cases.

More than 160 official garages have been contracted with by the Automobile Club of Southern California for its tow car service.

Official garages in Glendale under contract with the Automobile Club of Southern California are Jellison garage, 1004 South Brand boulevard, and 1321 South San Fernando road.

There are about 2,000,000 sheep in Oregon.

SEEKS PLAN TO REDUCE CRASHES

District Attorney Summons Officials to Discuss Safety Methods

Asa Keyes, district attorney of Los Angeles county, has called a meeting for November 12 of officials to devise ways and means for cutting down the number of automobile accidents.

It has become apparent to thouse who have studied the situation that sheer carelessness is responsible for the larger number of fatalities. Motorists do not use due caution, in the opinion of Pacific Electric railway students of the traffic situation, and they are in a position to know, as well as advise "safety first."

S. R. Florence, chief signal maintenance man of the Pacific Electric calls attention to the fact that his department is doing its share by testing warning bells at grade crossings every other day.

Accidents Result

Three flagmen employed by the Pacific Electric have been run down and injured by motorists endeavoring to "beat the gate," and one still is in the hospital at this time. Another flagman threw his lantern through the windshield of a car in a final effort to avoid a fatal accident, it is reported.

Boards of inquiry have not fixed one responsibility upon the Pacific Electric for traffic deaths, the Bureau of News states, so far this year, in cases where automobiles were concerned, although 330 people have lost their lives in traffic crashes.

Surprise Tests

This proves that due care is being exercised by Pacific Electric motormen, even though they work at a disadvantage, inasmuch as their cars cannot leave the tracks.

Of 25,000 surprise tests made in the course of the year by the railroad's investigators, 98.57 per cent of the motormen respected danger signals, speed regulations and safety stops.

The education of the motorist to the same cautious driving would greatly minimize the list of traffic crashes, in the opinion of those who have studied the situation.

VETERAN OF SPEEDWAY IN RACE

Earl Cooper Enters Big Culver City Classic on Thanksgiving Day

Earl Cooper, leader in the race for the 1924 A. A. A. speedway championship, has filed his entry for the 250 mile petrol classic scheduled for the new Culver City speedway Thanksgiving day. Cooper wired his entry to A. M. Young, president of the new speedway, as he was leaving Charlotte, N. C., for the Pacific coast. The veteran speed merchant will go direct to San Francisco where he is now making his home. He will compete in the special 100 mile speed classic at Tanforan, November 16, and then come to Los Angeles for the opening of the new Culver City bowl.

Cooper startled the racing world with a sensational come-back at Fresno two years ago. Since then he has been one of the outstanding characters in the racing sport. He won second to the late Joe Boyer in the Indianapolis 500 mile race last May. He won the recent Fresno speedway battle with a new record and took second at Charlotte after he had been announced as the winner through an error in the scoring. In the race for the 1924 A. A. A. championship Cooper is leading the great Tom Milton, new world speed champion for 250 miles, by the score of 1240 points to 961. This means that if Cooper wins first or secondin the Thanksgiving day race on the new Culver City bowl, he will succeed to the title which was won by Eddie Hearne last year. Cooper almost cinched the championship at Charlotte and had the first reports been correct, he would have been all set for the crown.

When the flash on Cooper's victory was corrected and turned into a triumph for the great Milton with the astounding record of 118.17 miles per hour, it left the veteran Cooper to fight his last battle of the 1924 season against Milton for the title and it is sure to be a great race when these two former team mates meet on the new track which the drivers claim will be the world's fastest speedway.

FISHER BODY FOR CHRYSLER MODELS

Lyman P. Clark Relates Reasons for Adopting Noted Equipment

In conformity with its announced purpose to produce only the highest quality motor cars, the Chrysler Motor Corporation reports that it has adopted Fisher bodies for its enclosed standard sedan, imperial sedan, new crown imperial and new royal coupe Chryslers with the new bodies are now on display in the showrooms of the Glendale Motor Car Co., 124 West Colorado street, Chrysler and Maxwell dealers.

"Recognizing the ability of the Fisher Body Corporation in its field—that of building closed car bodies—bodies by Fisher are now standard on these models," says Lyman P. Clark, president of the company. "Bodies by Fisher, built to the higher quality standard, are not surpassed even by the most expensive custom coachwork, we believe.

High Quality

"Walter P. Chrysler has adopted them for the car bearing his name because the high quality of Chrysler performance deserves coach work especially designed to match that high quality."

Upholstery, carpets, body hardware and fitments—everything pertaining to the body, will be fashioned by Fisher, it is stated.

Chrysler will continue to build its own open car bodies—roadster, touring and phaeton—at its Dayton plant. Fisher's entire business is concentrated in producing bodies for enclosed vehicles.

Present Year to Establish Record In Total Number of Visiting Cars

Visiting motorists in California this year will show an increase of approximately 12,000 cars over 1923, according to estimates of the touring bureau of the Automobile Club of Southern California, based on arrivals for the first nine months of the year.

Last year the check on incoming cars over the five routes entering the state was 180,932 machines. Arrivals up to October 1 of this year show 145,070 automobiles. If the present ratio is borne out, 193,370 motor vehicles will enter the state by January 1.

Two of the routes entering the state show a decided increase in traffic, but the National Old Trails, which brings in the majority of easterners, fell off about half during the spring and summer, but now is getting back to normal.

This situation is attributed to exaggerated stories of the hoof and mouth disease in the state last spring, and the forest fires, which were more menacing last summer than usual because of the dry season. The elimination of the hoof and mouth disease months ago and the first rains which came early in October and ended all the forest fires, also caused the apprehension of outsiders to subside.

National monuments, historic spots and unusual scenic attractions in the state show a marked increase in the number of visitors for the season. Yosemite and Sequoia national parks and the big trees were highly popular, and there was a large gain in the number of motor tourists taking the trip into Lower California, Old Mexico, which has been completely sign-posted in English by the auto club.

The average stay of visiting motorists in California this year has been considerably lengthened, due to the fact that the time of non-resident licenses has been extended from three months to six months, permitting ample leisure to visit all points of interest.

MYSTERIES ABOUT BATTERY CLEARED

Henry M. Kuhn Says Autoist Should Receive Facts, Get Better Results

"The inside of a battery is a subject of considerable mystery to most automobilists," said Henry M. Kuhn, of the Cizek Auto Electric Co., 300 South Brand boulevard, "although they know the box does not contain a series of gears such as are found in the transmission. Aside from that their knowledge is more or less nil."

"The extensive use of the automobile today has necessitated a general all-around knowledge of the elementary mechanical workings of the machine, but few people bother to find out what makes the battery do the work it does. Service station men all over the country are united in a desire to educate every car owner as to the inside workings and the proper care of the battery.

Knowledge of Value

"It is to their interests that car owners should be able to get the maximum use from their battery. They make it a point to explain the essentials of the battery to every patron who will take the time to listen; and it is surprising how many remark that they didn't know this or that thing about their battery.

"The basic principle of the storage battery is simple," added Mr. Kuhn, and once understood by an owner will cause greater respect for his source of electrical energy. Reliable battery men want their customers to understand their batteries and are striving to tear away the shroud of mystery which surrounds them. The man who understands his battery and uses his knowledge in its care can reasonably expect much longer life from it."

MOTOR LAW GIVEN REVIEW AT MEET

Dealers Hear Explanation of Act by Legal Head of Association Body

Ivan Kelso of the legal department, Automobile Club of Southern California, addressed the Glendale Motor Car Dealers' association yesterday noon at its regular luncheon meeting, on "Motor Vehicle Act," throwing valuable light on the operation of the California laws as they affect automobile dealers. Meeting was held at the Oakmont Country club, Lyman P. Clark, president, presiding.

Mr. Kelso spoke of the need for changes in the requirements governing the issuance of operator's licenses, in order to check the number of fatal accidents and the large amount of property damage. He touched on the matter of contracts, showing wherein they legally bind buyer and seller.

Following his address, members showed their interest by a barrage of questions that held the large gathering at the clubhouse until 3 o'clock.

EASY STEERING IS MOST IMPORTANT

Ralph B. Bliss Offers Public Some Good Points In Safety Driving

"Police officials in some of the large cities have recently offered free brake tests as part of the nation-wide safety campaign. This is certainly a real public service, but why should safety propaganda be centered on brakes when there are other features in the construction of an automobile that are also of vital importance?"

This question is asked by Ralph B. Bliss, of the Ralph Bliss Co., local Paige and Jewett dealers, whose company has been active in the safety movement.

"It is perfectly natural that brakes should come first in one's mind when careful driving is mentioned," says Mr. Bliss. "They are important, of course, but how many give a thought to the steering mechanism, the clutch and transmission, or the frame and axles?

"Suppose your car turns turtle in some accident. Are the top and body strong enough to stand this without being crushed like an eggshell? Will your frame stand a severe shock without buckling? If you have ample weight—the extra weight that means extra strength—you will find that your car not only holds the road better, but you will be well protected in case you should ever be involved in a serious crash or overturn. Easy steering is all the more important now that so many women drive."

LEGISLATION TO AFFECT MOTORIST

California Highway Body Preparing to Submit Report on Survey

By GIL A. COWAN
For Southland News Service.

LOS ANGELES, Nov. 6.—There is every reason to believe that legislation affecting the motorist is going to be the principal topic of the state Assembly when they go into session next January at Sacramento.

Leading all states in the nation in numbers as use of automobiles California has a billion dollars and more tied up in automotive machinery, there being over a million and a quarter machines with the average sales price of $800.

And with the average daily expenditure of a dollar per car, the automobile industry would represent an annual expenditures in this state of approximately $500,000,000 which goes into replacements, mechanics and garage bills, gasoline, tires, oil, parking fees, and taxes, to say nothing about fines!

Little wonder that it is going to cause the legislature worry, for the highway system, the county methods of financing roads, the gasoline tax, the motor patrols and what not are simply inadequate due to a lack of appreciation of the mighty strides taken by the automobile industry.

Tour of Inspection

It is announced that the California highway committee, engaged in a study of the state highway system, will begin its final inspection trip in Los Angeles November 6 and will interview the boards of supervisors and civic organizations of Los Angeles, Orange, Alameda, San Mateo and San Francisco counties between that date and November 12, according to word received by N. T. Edwards, state highway commis-

General Improvement Seen In Midwest Trade

CHICAGO, Nov. 6.—Last month saw a general improvement of commodities in the Middle West, in factory employment and in merchandise distribution. This is attributed largely to higher prices for farm products and larger yields than forecast for wheat, rye and barley. Wholesale trade is estimated to have increased 11 per cent, with nearly all lines sharing in the improvement except meat and shoes. Although wholesale prices for farm products, clothing and fuel declined a trifle, food products, building materials and chemicals advanced.

ELECTION RESULT AIDS AUTO TRADE

So Says Dealer for Oakland Car In Glendale, Citing Los Angeles Show

Advent of the automobile show in Los Angeles and the outcome of the presidential election have served to stimulate interest in automobiles according to John Neuschaefer, dealer for the Oakland Six in Glendale.

"The automobile show in Los Angeles is a tremendous success from two standpoints," says Neuschaefer. "First it gave the public the opportunity it wanted to compare various new models year. The second reason is that brought out during the current it has pleased the motor car dealer not only in Los Angeles, but all over Southern California by stimulating interest and this means added sales. At least I am venturing this opinion from the experience of the Oakland distributor in the show and from the undercurrents that I have heard among the other distributors in the Los Angeles market.

New Page Turned

"Couple with this, the very gratifying results of the election and we can consider a new page turned on business in general which is always reflected in motor car sales. From now on I look for a revival of brisk selling due to the re-establishment of public confidence, without which there can be no such thing as good business.

"While there was but little doubt as to the outcome of the presidential election, there was enough uncertainty to cause those who were not in the position to know the great national mind to cease spending or investing and this naturally brought about a lull that has been felt in every line of business. The motor car industry should consider itself fortunate that it felt the impediment less than many of the large industries of the country."

$200,000 Jewel Theft Staged In New Orleans

NEW ORLEANS, Nov. 6.—City and state officers, working with scores of private detectives, today were extending a dragnet over the entire south in an effort to apprehend the diamond robber who last night stole jewels amounting to approximately $200,000 from a salesman stopping at a local hotel. The robbery was reported to police at midnight by Henry Agate, the victim, who is a vice-president of the Bonner Jewelry Manufacturing Co. of New York City.

Los Angeles Voters Favor Traffic Change

LOS ANGELES, Nov. 6.—Overwhelming approval was voted by Los Angeles residents for a city proposition calling for a system of traffic arteries, election returns showed. In addition a $5,000,000 grade crossing elimination county bond issue was voted on favorably.

Growing from six members in 1919 to many thousands today, the Los Angeles Automobile association, which now has a branch in Glendale at 406 South Brand boulevard, under the management of J. W. Botsford, expects to open Southern California branches in Long Beach, Pasadena, Whittier, Hollywood and Pomona by the first of 1925 and during 1925 the campaign will extend to San Francisco, Oakland, Sacramento, Santa Barbara, Fresno and San Diego.

J. V. Strazelle, president of the Los Angeles Automobile association, came to California from New Jersey in 1908. He was in the automobile business for many years and in 1919 organized the Los Angeles Automobile association. He sold the first six memberships himself, later associating with several others and the organization grew rapidly.

Mr. Strazelle says it is at all times the object of the association to aid police departments in the enforcement of traffic laws and to make travel by motor vehicles safe and enjoyable. Official garages are under contract to give members the best of service at a minimum cost. The following departments are maintained: Legal department, insurance bureau, tow car service, theft bureau, state license service, forwarding department, outing bureau, official hotels and garages, general information, road and touring information and driving instruction department. A monthly bulletin is published in which are covered changes in traffic laws, city ordinances and other rulings concerning the motoring public.

The officers of the Los Angeles Automobile association are: J. V. Strazelle, president; R. Alexander, first vice president; Thomas M. Law, secretary; C. V. Eberhard, general counsel; F. L. Botsford, associated counsel; C. B. McCoy, field secretary.

These meetings, which have followed an extensive survey of the field, will be for the purpose of preparing a report to be presented Governor Friend W. Richardson for the benefit of the next legislature. State Senator A. H. Breed, president pro tempore of the senate, is chairman of the committee which has covered practically every state highway in California during the last eleven weeks.

For Permanent Plan

Financing highways heretofore has been guided by a haphazard policy and occasional bond issue which must give way to a permanent plan, it is pointed out by observers of the legislature's past work. The adoption of a gasoline tax and the distribution of motor fees marked the first constructive work two years ago. This has permitted of some new construction, much reconstruction and considerable maintenance.

Like a snowball rolling down hill, however, the number of automobiles increase faster than their adjunct—the highways. Without paved roads in California cars are practically useless for pleasure and fully ninety per cent of the machines are so classified.

Economic Conditions

As has been pointed out by Governor Richardson and other economists bond issues cannot be retired fast enough to pay for new highways. Also, they tend to promote double cost when extended over a period of years in which the interest amounts to the principal and there is little left of the original highway to show for the investment.

Sparsely populated areas in the state are looking to the legislature for aid; thickly settled communities in Southern California are laboring under the burden of improvement district and other road taxes; automobile dealers oppose too heavy penalties being placed on the motorist because there is no reasonable doubt but what automobiles have done more than any one thing in building permanent prosperity here; oil companies are fighting the payment of a gasoline tax; and as a result—

The 1925 legislature will have to organize itself for a fight. In turn that body of astute lawmakers will be the aggressors, the defenders and the sole arbiters of California's biggest problem.

"I CAN'T AFFORD ANYTHING LESS"

If you debate with yourself whether you can afford to enjoy Packard satisfaction, remember this:

A judicious investment depends on the factor of economy, and economy in motor cars involves long life, high re-sale value and low maintenance costs, as well as fuel and tire mileage. Packard is economical in all these respects.

When you have given all the facts due consideration you will say, as thousands of others say: "Only Packard can build a Packard and I can't afford anything less."

BURBANK NEWS

BURBANK, Nov. 6.—While the burning question of the next president of the United States drew many to places where the latest information was being bulletined and broadcast, the women of the Presbyterian church Tuesday night served a big chicken dinner to the congregation, an annual custom with the women of this church.

The regular meeting of the West Burbank Improvement association will be held tonight on account of the nearness of the election with which so many are busy, but a later date this month will be set and announced. At that time there will be a business session followed by a program and refreshments.

Mrs. Madge Dodge, who died 5:30 o'clock Saturday night, November 1, 1924, at her home, 619 Olive avenue, was born in Indiana, May 27, 1895, and was the daughter of Mr. and Mrs. F. A. Dietz, now residents of Los Angeles. She was married at the age of nineteen and came to Burbank four years ago. The funeral was held this afternoon at the A. C. Fillbach undertaking chapel.

Rachael Jones, daughter of Mr. and Mrs. Homer Jones, who was injured in an automobile accident ten days ago, has returned to her classes at the Burbank high school.

Lieut. Commander C. Vanderbeck, of the U. S. Army, retired, with Mrs. Vanderbeck, of Pomona, visited in Burbank over the week-end with Lieut. and Mrs. A. S. Pearson at Alameda avenue and Kenneth road. They also visited with Lee Dickinson, retired naval engineer, of Olive avenue.

SUNLAND NOTES

SUNLAND, Nov. 6.—An entertainment is being planned by the chamber of commerce for the evening of November 21, to be given at Twin Pines pavilion. Numbers already included in the program are: blackface comedians, popularity contests for men and women with prizes, a guessing contest with prizes, vocal and instrumental numbers, and dancing.

Vice-President George Shaffer presided at the last meeting of the Valley Center Improvement league. Plans for securing an enlargement of Monte Vista park were discussed, among other things. After adjournment of the meeting, ice cream, home made cake and coffee were served.

A silver tea was held Tuesday at the home of Mrs. Ruppell of the Monte Vista Woman's club.

Prayer meetings are being held every night, 7:30 o'clock, this week at the Baptist church. Next week revival meetings will be held every night. Special music will be part of the programs.

FLIVVER SHOP ON ENLARGED SCALE

$20,000 Investment Makes Garage, Repair Station Modern Institution

Five months ago C. A. Good established the Flivver Shop at 600 East Harvard street with a small garage and repair department. On December 1 Mr. Good formally will open one of the most modern and best equipped shops and service stations in the city at the same address, representing an investment of $20,000.

The site is 95x160 feet and covered by the garage building where general repair work on all makes of cars is done. Here also is the welding department and the cylinder grinding machinery, Mr. Good doing cylinder work for other garages in the city. On the corner is the service station for gasoline and oil.

Other Departments

Other departments are: lubricating and greasing rack; steam cleaning; battery and ignition; tires and accessories. There is also a brake service department and Mr. Good is having made the only brake drum trueing machine that will be in Glendale. He also has been appointed a Glendale distributor for the Vesta storage battery. C-T-C cord tires, the only tire, Mr. Good says, that carry a guarantee to outrun other tires will be sold.

At time of opening December 1, Mr. Good will give away ten prizes. The shop will be closed on Sunday, Mr. Good said.

TUJUNGA NOTES

TUJUNGA, Nov. 6.—Plans for the Parent-Teacher association bazaar and entertainment are progressing in anticipation of the date, December 5. A cafeteria supper will precede the entertainment, which will be given in the school auditorium. Proceeds will be used to pay for the auditorium chairs, which were pledged by the Parent-Teacher association. The reading circle is preparing a number of gifts to be sold in booths, which will be in charge of the following: Fancy needlework and household articles, Mrs. Augustus Adams, Miss Buckner, Miss Schindler; handkerchiefs, Mrs. Gore, Miss Davis, Miss Peake; candy, Mrs. Bell, Mrs. Carr, Miss Fitch, Miss Dodds; flowers, Mrs. Johnston, Miss Osborn. Mrs. Harry Zachau is chairman of the cafeteria supper committee and Mrs. J. C. Greer and Mrs. B. B. Reynolds have charge of the entertainment.

A Hallowe'en party was given at the home of Miss Hemminger, 321 East El Centro street. Forty-two guests were entertained in rooms decorated in orange and black. Games were played and candy, punch and pumpkin pie were served.

The Woman's club is making up a gift box of jelly and jam for the McKinley Home for Boys. Contributions may be left at the Dean store on Sunset boulevard.

Mrs. Edith M. Smith, 421 East Michigan avenue, has returned from a visit with her daughter at Orange.

Rev. and Mrs. H. I. Farr have taken possession of thier newly acquired dry goods store near Michigan avenue and Walnut drive.

The November meeting of the board of the Community church was held Wednesday evening.

A new plumbing shop is being opened at Michigan avenue and Pine street. R. L. Coe is the proprietor. He was with W. T. Ashton of Glendale for two years.

Mrs. W. W. Halferty has returned to her home at 157 North Stevens way after an extended visit in Indiana.

S. M. Dunbar is in charge of the repair department of the Fowler automobile agency.

Rev. T. H. Johnson, bishop of the diocese which includes Tujunga, will hold confirmation services and holy communion at the Episcopal church next Sunday morning at 10:30 o'clock. A luncheon will be served by the guild after services, to which all are invited. A special meeting of the guild will be held Friday, November 14.

Advertising was one of the principal subjects discussed at the meeting of the Tujunga Valley Realty board.

FROM EAGLE ROCK

EAGLE ROCK, Nov. 6.—The Music section of the Women's Twentieth Century club met this morning at the clubhouse, in charge of Mrs. L. E. Hammond. Miss Fanny Baily, chairman of the art section, reminds the club members that Miss Lita Horlacher of 1621 West Seventh street, Los Angeles, is much interested in arts and crafts and will offer suggestions to all who are interested. The last meeting at Miss Horlacher's studio was a most delightful occasion.

The charming personality of Miss Frieda Peyke, who presented a program of musically illustrated readings before the last open meeting of the Women's Twentieth Century club, was particularly evident in her rendition of "The Pied Piper of Hamelin." Every number was delightful, but especially pleasing were two numbers writen by Miss Rosanna Bleeker, entitled "Gifts" and "The New Little House." "The House With Nobody In It," "At the Piano," and "My Canary" were charming.

Evelyn Kaplan, of 2118 Chickasaw avenue, recently celebrated her eleventh birthday with a party. The guests were eleven of her little friends: Margaret Miller, Inez Miller, Annettie Turton, Alice Burch, Alida Windos, Rose Suckerman, Phyllis Waterman,

U. S. S. Washington Will Play Target For Navy

WASHINGTON, Nov. 6.—Target practice will be held off the Chesapeake capes within ten days by the United States ship Texas, using the U. S. S. Washington as the target, it was announced by the navy department today. Practice will be secret.

Melba Marcott, Alta Banderob and Virginia Gillham. They attended the afternoon program at the United theatre and had refreshments at Rutledge's Sweet Shoppe. The children all had a very enjoyable time.

Mrs. Fred Muellerweiss of Ridge View avenue gave a Hallowe'en party last Saturday afternoon in honor of her eldest daughter, Mary, who has just passed her tenth birthday. The house was decorated in keeping with Hallowe'en. An unusual feature of the table decorations was the individual frosted cakes with lighted candles at each plate, in addition to the regular birthday cake. The following twelve little girls were present and had great fun: Violet Broughton, Maybelle Broughton, Eleanor Hale, Eleanor McDonnell, Margaret Crego, Bernice Suess, Evelyn Emmons, Ruth Quarterman, Gweneth Smith, Alice Chambers, Fredith and Mary Muellerweiss.

Merchants Combine In Armistice Day Closing

Following a precedent set after the World war, in honor of the men and women who gave their lives in the interests of humanity, the following grocery chain stores will be closed on Armistice day, next Tuesday: Bay Cities Mercantile Co., H. G. Chaffee Co., Daley's, Inc.; E. A. Morrison, Piggly Wiggly; Von's, Inc.; Sam Seelig Co. Stores mentioned will remain open until 7:30 o'clock on Monday, the day before Armistice day.

Auto Baggage Thieves At It Again In City

Frank J. Friedman of the Elks' club reported today the theft of three grips yesterday afternoon from his car parked near the corner of Brand boulevard and Harvard street. One grip contained hosiery, another work shirts and the third flannel underwear. The contents are valued by Mr. Friedman at $300.

Miss Grace Cole of 518 North Orange street reported the loss of a plush handbag containing $18 in cash and four checks.

The name April is derived from a Latin word meaning "to open."

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement.

The Wrath To Come

By E. PHILLIPS OPPENHEIM, Copyright 1924

"If I'd waited," she sighed, looking at him for a moment, and then dropping her eyes.

The restaurant, which had been almost empty at their first coming, had now filled up. Gertrude looked about her in surprise.

"Why, I never saw these people come in," she declared. "There's Prince Lutrecht over there. And a whole party of your friends. I don't think Lady Susan likes me."

Susan nodded and smiled across the room. Her eyes, however, had a shade of reproach in them as they met Grant's.

"Like you? Of course she likes you," he protested. "If there's an unpopular one in the party, it isn't you. Look how Lymane is glaring at me. Gertrude, you won't dine with him, will you?"

"My dear Grant, how on earth am I going to get out of it?" she asked.

"I'll get you out of it all right," he promised. "Tell me, who is the corpulent gentleman of pleasant appearance, with the hat too small for his head, who is standing upon the threshold, beaming at you?"

"That is Cornelius Blunn," she whispered. "He's a dear thing. Do be civil to him for my sake. He could make mischief with Otto if he wanted to, and I'm afraid he's coming to speak with me."

The newcomer—stout, genial and jovial—was crossing the room, smiling as though the whole of Monte Carlo was some tremendous joke and the fact of meeting the Princess its supreme consummation. He lumbered up like a great elephant, moving clumsily on his rather short legs. But the air with which he raised Gertrude's fingers to his lips was the air of a courtier.

"Why, Princess," he exclaimed. "How delightful to find you, and how good for one's national self-respect to discover that no one in this wonderful place can even hold a candle to a compatriot."

"Always a flatterer," she smiled. "Let me introduce Mr. Grant Slattery. Mr. Cornelius Blunn."

Mr. Blunn shook hands pleasantly, but without enthusiasm. His manner suggested that Grant's presence as Gertrude's sole companion needed some further explanation.

"Mr. Slattery is one of my oldest friends," she continued. "We were children together in Washington."

Mr. Blunn beamed. A great smile seemed to rise from the depths of his nature. He was a man of sentiment and he recognized the claim of old friendships. He took the affair under his protection.

"Itash is uneasy," she whispered. "He does not wish very much that I talk to you. He has no idea that I know what I know, but you see how restless he is. Something tells me there is danger about Sammy!"

The young man swung round on his stool and came towards them.

"Let me introduce you to my new friend, Mr. Grant Slattery," she said cooly. "Count Itash."

"I am very glad to meet you, sir," Itash declared, speaking English with a somewhat guttural accent for one of his race.

"And how is it that you have left Yvonne?" the girl enquired. "You had better hurry back, or she may make you jealous. There are many here who like to dance with her."

"Yvonne! That is nothing!" he answered. "An affair of the moment. Will you dance with me, Cleo? That is if you, sir, will permit," he added, turning to Grant.

"By all means," the latter assented, "but Mademoiselle will return?"

"I shall most certainly return," the girl promised. "There is a great deal more that I have to say to you, Mr. Slattery. I like very much to talk to you. You understand so well the things that interest me."

"The prodigal returned!" Rose Lancaster exclaimed, as Grant rejoined the little party. "I think that we ought to send him to Coventry just as we did Bobby."

"Nonsense!" Susan expostulated. "Every one dances with these professionals. The only point is whether Grant was quite justified in taking her to such a very secluded corner. Votes on the subject, please!"

"She is a very attractive-looking young woman," Lymane declared. "Something about her quite different. I thought at first she was a little shopgirl out for a holiday."

"I didn't," Susan remarked drily. "I've seen her dance. Her name is Mademoiselle Cleo, and she used to be at the Palais Royal. What did you talk to her about, Grant?"

"To tell you the truth," he replied, "we were in the midst of a most interesting conversation when her young Japanese admirer came and dragged her away. We're going to finish it later."

"You're engaged to dance this with me, anyhow," Susan reminded him, rising to her feet.

They moved off, danced, and waited for the encore.

"I wish you hadn't been so attentive to that young woman," Susan said abruptly.

"Why?"

She waited for a moment until they were out of the crowd.

"There's some trouble between them already," she whispered. "Was he jealous of you, do you suppose?"

Grant looked across the room. Itash and the girl were seated at a table together, Itash leaning towards his companion, his face dark and even threatening. The girl smiled back at him with a look of obvious disdain. Close at hand, Yvonne, the little danseuse from the Cafe de Paris, whom Itash had brought with him, watched them both with growing anger.

MURPHY COMEDIANS

"Peg o' My Heart" drew a big crowd last night to the tent theatre of Murphy Comedians No. 2, San Fernando boulevard at Cedar street, Burbank. And small wonder. This is a show that, once seen, will never be forgotten.

Barbara Gurney as Peg is charming and gets frequent applause. John Hughes, her able support, also comes in for numerous handclaps. The offering owes no little of its success to the able direction of Vin Moore, who is in addition a splendid actor.

"Peg o' My Heart" will continue throughout the week, the curtain rising nightly at 8:15 o'clock. The tent is open from 7:15 o'clock on, to afford patrons an opportunity to select their seats, it is announced by J. W. Davis.

The tent is comfortably heated and there is ample parking space for the cars of all patrons, Mr. Davis states. The gratifying support of Burbank and Glendale theatre-goers makes it appear likely that Murphy Comedians No. 2 are in for an extended run at the present location.

THE GATEWAY

Go to your rival for the best advice on how to win back your wife. If you can't steal his thunder, ask him to loan it to you.

It is done in "The Fast Set," in which Betty Compson plays the wife, Adolphe Menjou has the part of the intriguing "great lover" and Elliott Dexter appears as the husband.

The situation is one of the most unique in motion pictures, and, as handled by William de Mille, who produced the picture, is delightfully satiric.

"The Fast Set" was written by Clara Beranger from Frederick Lonsdale's stage success, "Spring Cleaning," and presents the brilliant society comedy in all its sparkle.

In the featured cast with Miss Compson, Menjou and Dexter is Zasu Pitts as the human pawn, who is used by the husband in his daring exploit to keep his wife from making a fool of herself.

Native movieites will have an opportunity of seeing "The Fast Set" when it is presented, Friday and Saturday at the Gateway

DOBINSON PLAYERS

"Turn to the Right" is now gaining in popularity every night, judging from the big houses this strong play draws to the Tuesday Afternoon club theatre each night. And why not? Winchell Smith, the author, is one of America's leading dramatists—and he has never equalled his work in this play.

Mrs. Florence Dobinson, of the Dobinson Players, is to be congratulated for the competent professional cast she has assembled for the production of "Turn to the Right." The play will be given each night this week, at 8:15 'clock, with a 2:30 o'clock Saturday matinee.

"Turn to the Right" appeals neither to "highbrow" nor "lowbrow" but is a play of average appeal that will interest every member of the family. Anyone who does not grow enthusiastic over "Turn to the Right" as it is presented by the Dobinson Players, knows very little of what is good drama.

THE GLENDALE

"Barbara Frietchie" concludes today at the Glendale theatre. Friday and Saturday the feature is "Don't Doubt Your Husband."

THE T. D. & L.

"Sinners in Heaven" concludes today at the T. D. & L. theatre. Friday and Saturday the feature is "Vanity's Price."

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY AND THE LAME ANT

Once upon a time there was a dear little old Ant Lady who was lame in her left hind leg. The reason she was lame was because, in the summer time, she fell from a stone all the way to the ground, which was three inches below. Now, of course, if you fell three inches it wouldn't hurt at all, but to an Ant three inches is almost as much as half a mile would be to you.

In her fall the Ant Lady hurt her leg, so she had to walk with a limp all that summer. And when it was almost time for winter to come, and all the other ants had gone down in a hole in the ground to keep warm, the dear little old Ant lady was left behind. You see she couldn't walk fast enough, on account of her lame leg, to keep up with the others.

So it happened that, one day, when Uncle Wiggily was hopping through the woods on his red, white and blue striped rheumatism crutch, that Nurse Jane had gnawed for him out of a cornstalk, the bunny gentleman heard a sad voice saying:

"Oh, dear, what shall I do?"

"What do you want to do, dear little Ant Lady?" asked the bunny, for he saw who it was speaking so sadly, and it wasn't the Woozie Wolf or Fuzzy Fox.

"I want to go some place where I can keep warm during the cold winter that is coming," answered teh Ant Lady. "But I am lame, so I can't crawl down the hole where the other ants have gone. Oh, what shall I do?"

"Oh, so you are lame, are you?" kindly asked Uncle Wiggily. "I am sorry to hear that!"

"Bless your pink nose!" said the Ant Lady, in a jolly little voice. "I don't mind being lame, as it doesn't hurt. The only thing I mind is being left alone all winter. If I could crawl faster I would be all right."

"Well, I am a bit lame myself," said Uncle Wiggily. "I have the rheumatim, and I sometimes must hop on a crutch. Now, suppose I gnawed a little sliver off my crutch for you. Perhaps then you could walk along and join the other ants down in the ground hole."

"It is very kind of you to think of that," said the Ant Lady. "I have never walked with a crutch, but I'll try."

So the rabbit gentleman nibbled a little sliver off his red, white and blue crutch—such a tiny sliver as it must be for the Ant Lady—and she tucked this baby crutch under her left hind leg.

"How about it?" asked Uncle Wiggily. "Can you walk any better?"

"Oh, much better?" said the Ant Lady, and she was crawling along almost as fast as she had before she fell three inches off the stone and lamed her leg, when, all of a sudden, out of the bushes popped the Bad Bob Cat.

"Hello, Uncle Wiggily! Hello! Hello!" howled the Bob Cat. "Give me some nibbles off your ears! Give me some nibbles!"

"No! No! I don't want to give you any nibbles off my ears" said the bunny.

"Well, then I'll take them whether you want me to or not!" howled the Bob Cat.

"I shall have something to say about that!" whispered the Ant Lady. Then, using the little crutch Uncle Wiggily had given her, she crawled up one of the Bob Cat's legs. She crawled up until she could reach his nose and then, standing on two legs, the Ant Lady tickled the nose of the Bob Cat with her other four legs. Oh, how she tickled the Bob Cat's nose.

"Scoozie! Scowzie! Skizzie!" howled the Bob Cat, and his nose tickled him so that he sneezed and he sneezed the Ant Lady off right into Uncle Wiggily's open pocket, so she wasn't hurt in the least. And then the Bob Cat ran off through the woods, sneezing and crying: "Oh, I'm catching cold! I'm catching cold!" He didn't know it was the Ant Lady who had tickled him.

"Thank you for saving my ears," said Uncle Wiggily, as he took the Ant Lady out of his pocket and set her on the ground where she could crawl away, which she did, to join her friends. And if the stick of candy doesn't hide under the bed when the lollypop want to play marbles, I'll tell you next about Uncle Wiggily and the grasshopper.

HUMAN FACES LONGER

If scientists are to be believed, the human race is not having so much happiness that they are losing their long faces, but on the other hand, the human face is actually growing longer. The face is now half an inch longer than ancestral physiognomy, according to Sir Arthur Keith. Professor Charles Gray of New York university maintains that the art of laughing is fast dying out.

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

SHINGLES, NEURITIS AND OVERWEIGHT

Mrs. S.—You are overweight, and besides that you suffer from shingles and neuritis. You think it will be hard to reduce and diet for neuritis too.

SHINGLES is a form of neuritis, as the inflammation of the skin follows along the nerve tracks. It is probably due to some bacterial invasion, for in some instances it seems to be contagious. There is no doubt that incorrect diet and other unhygienic habits lower the resistance so that the germs can get a foothold. Your overweight shows that you are overeating and your reducing diet will without doubt help your neuritis and shingles.

Among the things listed for the treatment of herpes zoster are painting with iodin, or collodion, or ichthyol, and then covering with a bandage. Sometimes dusting powders, such as dry boracic acid powder, bismuth or oxide of zinc, are helpful. There is nothing in the old superstition that if a person has shingles on both sides at once and if they meet in front the person will die.

You want to know if drinking milk will leave poison in your system. No, it will not. Pure milk will leave a lot of good things, but not poison. It will leave a lot of good mineral elements and vitamins and complete protein, but never poison. Some people have an idiosyncrasy to milk; that is they cannot seem to take it without having some disturbance, but this is very rare. Two or three glasses a day should be taken usually, even while reducing.

Did you enclose a self-addressed, stamped envelope with your request for the reducing booklet? If not, I am afraid the office did not send it. Try again, please.

Husbands and Reducing—

"Dear Doctor:—I have lost 16 pounds by following your instructions, after having tried all sorts of methods and failing to reduce. I feel so much more comfortable now. My husband loves me lots more since I have become thinner.—Mrs. J."

Of course, your husband loves you more now than he did when you were carrying around visible evidence that you ate too much for your needs. Husbands oftentimes will protest that they don't want their wives to reduce, but I believe it is so because they think they will become too thin or that they might lose their health, as many do when they follow unscientific dieting. I can't imagine any man in his normal mind preferring an over-upholstered home companion.

Mrs. M. E.—You can obtain our articles on constipation, and It Won't Be Any Easier Tomorrow, by sending a good sized self-addressed, stamped envelope to me in care of this paper, requesting them.

Chronic Catarrh—

H.—Can't you consult an ear, nose and throat specialist? I think one or more of the cavities in the facial bones connecting with your nose may be infected. Yes, diet does effect the mucous membranes as it does all organs. Get your vitamins, mineral elements and complete protein. This spells milk, vegetables and fruit in liberal amounts.

Tomorrow — Answers to Correspondents.

My Dear Followers:—When sending for material which we offer you please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible; if they are of general interest. Don't forget the s. a. s. e. if you expect me to send you the information I have offered.

Kind Reader Friends have sent us these reports on how they put up pickles this year:

H. B.—"Fruit Preserve: One cup diced, peeled peaches, one cup diced, pared and cored apples, one cup of cantaloupe (rind and seeds discarded), one-half cup of diced pineapple, pared, the juice and rind of one lemon, one-fourth cup of water and two and one-half cups of granulated sugar. Mix all together and cook till clear."

Mrs. V.—"Stuffed Green Tomato Pickles: "Two dozen medium-size green tomatoes, clean, with seeds removed (take care not to break them when you make this cavity in the center). Turn the tomatoes upside down to drain. Chop three large cabbages finely, and add to them one-half cup of salt; squeeze the mixture dry, then mix with it one ounce of celery seed, one ounce of white mustard seed and a heaping tablespoon of black pepper. Stuff the tomatoes with this cabbage mixture and place them in a crock. Pour over them two quarts of hot vinegar which has been boiled with three large cups of brown sugar for several minutes. Weight down the tomatoes in this vinegar with a plate, then tie a cloth or piece of clean paper over the lid of the crock and do not open for two or three months."

Mrs. H.—Canned Tomato Bouillon: One basket of tomatoes washed and cut small. Six large peeled onions, also cut small. Two bunches of celery, cleaned and diced. Cook this mixture together thoroughly, till soft, then put it through a sieve. Add to the strained puree one cup of granulated sugar, one-half cup each of salt and flour, and one-fourth teaspoon red pepper; return to fire and boil till thick. Can hot, in sterilized jars or bottles. When you open this soup cook it, and add a pinch of soda and one-half as much milk as soup. It is delicious."

Reader—"Cold Cucumber Pickles: The cucumbers must be freshly picked. Wash and pack them at once into sterilized glass jars. For each quart jar, use one teaspoon of mustard, two teaspoons of sugar, one-half cup of water, three teaspoons of salt and a dash of pepper; pour this over the cucumbers and fill jar with cold vinegar, then seal and put in a dark place. For use at once, fill a crock with one gallon of vinegar, one cup of mustard, two cups of sugar and three cups of salt; pick cucumbers daily and put into it. This will keep for weeks. The pickles are ready to eat in a few days."

All inquiries addressed to Miss Kirkman, in care of the "Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and state.—The Editor.

Reading Circle

Plans were made yesterday at the Mutual Benefit Reading circle meeting at the public library for "Old Members' Day," November 19. On the same day the circle will conduct a roundtable at the meeting in the afternoon at the Harvard High school of the High School Parent-Teacher association. Letters have come from La Crescenta, Venice, Whittier, Inglewood and Hynes, asking for information about the circle organization, and requesting that someone be sent to talk on the work. Mrs. H. V. Henry, chairman of the Glendale circle, spoke Wednesday at La Crescenta, and today at Venice. There were fifty-two members present at the meeting yesterday. Mrs. Henry read from O'Shea, "Athletic Contests in High School and College" and "How to Train Our Children not to Use Slang." A lively discussion followed. She also read a booklet by Norman E. Richardson.

Bridge Luncheon

Wednesday Bridge club members were entertained yesterday afternoon by Mrs. Ida Kimball, of Los Angeles, with a 1 o'clock four-course luncheon, served at the Harriett Mae Tea room. The luncheon table was prettily decorated in pink and white, sweet-peas being the flowers used. Tables were arranged for bridge and when scores were added the prizes were awarded to Mrs. Charles Young and Mrs. Kimball. The next meeting will be held November 19 at the home of Mrs. J. E. McClellan, on West Wilson street. Members present were: Miss Eva Brehme, Mesdames G. H. Bigelow, J. A. Endicott, J. E. McClelland, Charles Young, L. C. Wolfe, T. J. Keleher, W. H. Jones, G. A. Wendt, Herron, of Hollywood, F. Clark, F. W. Banham and the hostess.

Club Group Meets

The life and works of Alfred Tennyson were featured yesterday by the literature department of the Tuesday Afternoon club meeting at the clubhouse. Mrs. R. W. Bolton, curator, directed a short business session preceding the Tennyson program arranged by Mesdames R. W. Mottern and G. H. Boone. The twenty-five women present responded to roll call with quotations from Tennyson. Opening the program were piano solos by Mrs. Edith Fessenden. Mrs. Mottern and Mrs. Boone gave readings from Tennyson; Mrs. Ross Pickett gave a character sketch of Tennyson; and Mrs. Bolton told the story of "Enoch Arden." At the meeting in two weeks there will be a Thanksgiving program.

SOCIAL EVENTS

Meet at Church

"Meeting the Challenge Through Education" was the topic of the program for the missionary society of the Central Christian church in the church parlors yesterday afternoon. Seventy-five women were present. Mrs. R. C. Logan, president, had charge of the business session. The program was in charge of the Emory Ross division of the missionary society, in charge of Mrs. O. L. Kilborn and Mrs. A. B. Heacock. Interesting and instructive talks were given on the schools for the mountain people, the negroes and the Bible work, all of which is under the supervision of the mission board. Those taking part in the program were Mesdames F. A. Crozier and Mrs. Charles Cronkite. Mrs. S. Dabney gave a sketch of the work of Cora Stewart Wilson, founder of the "Moonlight Schools." Mrs. Floyd Mercer entertained with a vocal solo.

GLENDALE SANITARIUM AND HOSPITAL

On Tuesday night the sanitarium orchestra entertained the sanitarium people with a very well-prepared program. Besides the orchestral numbers, a piano solo was given by Miss Yvonne Caro, a cornet solo by Alonzo Hanhardt, and a violin solo by Mr. Rogers. The interest of the evening was also added to by the reading between numbers of the election returns, telephoned from The Glendale News office.

B. E. Beddoe of Washington, D. C., who has been at the Sanitarium for the last few days, left for the northern part of the state on Wednesday night.

The birthday of Miss Helen Bottloe, a senior nurse, was celebrated Tuesday night at the Bates home, when twenty guests gathered to make the event a pleasant one for her.

The sanitarium board held its regular meeting on Wednesday, November 5.

Dr. and Mrs. C. C. Landis made a three-day trip to San Diego, returning Wednesday evening.

DYNAMITERS FACE HARD BATTLE AGAINST COVINA

Defeat Tomorrow For Glendale Will Result in Tie For Top Place in League; Only Two Games Remain to Be Played

CENTRAL LEAGUE STANDING

	Won	Lost	Tied	Pct.
Glendale	3	0	0	1.000
Covina	1	0	2	.667
South Pasadena	1	1	1	.500
Alhambra	1	1	1	.500
Citrus Union	1	2	0	.333
Monrovia	0	3	0	.000

Games Friday

Teams	Probable Winner	Margin
Glendale at Covina	Glendale	6 points
Citrus at Monrovia	Citrus	24 points
South Pasadena at Alhambra	South Pasadena	14 points

By ROSS M. RUSSELL, Jr.
Of The Evening News Staff.

With only two more games to play in the Central league schedule, the Glendale Dynamiters tomorrow face what is considered the crucial game of the entire schedule. Upon tomorrow's outcome will rest the question of Glendale going through the schedule with a clean slate, for it is believed that if the Dynamiters get over the hump tomorrow, South Pasadena will be easy in the closing game here next week.

A big surprise was sprung in the Central League last Friday when Covina scored a 14-0 victory over Citrus. This greatly jeopardizes the hopes of the Dynamiters in annexing the Central League flag. The locals had doped out Covina as a formidable opponent, but had not expected them to score such a decisive victory over Citrus. Glendale came out on top in the Citrus game only by a 6-2 score.

Considering the first two games Covina had played, they were little better than Alhambra whom they tied, 7-7. Perhaps the Citrus game was a remarkable upset, nevertheless it puts Citrus out of the race.

Score Disputed

Moreover, there has been a dispute concerning a touchdown which was not at first acknowledged. It is claimed that this touchdown, which would have made the score 20-0, was made by one ineligible to take a pass, but it is rumored that the referee later gave the Covina team the extra score.

The team which takes the pennant away from the Dynamiters will have to be a crackerjack eleven. The home town boys have been going great guns and will be hard to beat.

One point in favor of the locals is the Central League ruling which gives one half a game lost and one half a game won to the teams participating in a tie game. Covina has tied both South Pasadena and Alhambra. This makes their lost total one full game which will stand in their way if they should beat Glendale. A Covina victory in Friday's game will probably result in a return game between the two schools unless some other upset occurs.

Tigers Next Week

The locals have yet to play the South Pasadena Tigers who proved to the world that they are no greenhorns by taking the Monrovia Foothillers down the line for their third consecutive defeat in as many games. The score was 21-0, just one less touchdown than the Dynamiters were able to score on the Monrovia boys.

A double tie results at the present time in the standing between Alhambra and South Pasadena. Next week Citrus will have easy going when they hook up with the crestfallen Foothillers. The Lemons should take this game with little trouble and unless the Lemons have degraded somewhat, a twenty-four point margin is not expecting too much. While Citrus is cleaning Monrovia, South Pasadena and Alhambra will try to eliminate each other. Using the Monrovia games as a basis the Tigers should win by a margin of two touchdowns. The Tigers beat Monrovia 21-0, while the Moors won by a 12-6 score.

What Might Be

Coming back to the Glendale-Covina game it certainly won't be any whipped cream affair. Coach Hayhurst expects to win only if his team fights its hardest all the way through. The Glendale mentor is urging a record turn-out to help cheer the Dynamiters on to victory.

A victory for Covina tomorrow will make the standing:

	W	L	T	Pct
Glendale	3	1	0	.750
Covina	2	0	2	.750

Should Glendale take tomorrow's contest, the standing will be:

	W	L	T	Pct
Glendale	4	0	0	1.000
Covina	1	1	2	.500

In the event Covina wins tomorrow's game and takes the closing game from Monrovia next week, which is most reasonable to expect; and presuming that Glendale takes the final game with South Pasadena next week, the standing at the end of the season would be:

	W	L	T	Pct
Glendale	4	1	0	.800
Covina	3	0	2	.800

With Muff back in the lineup, and most of the regulars in A-1 shape, the Red and Black warriors have a good chance to win tomorrow's game. Elmer Muff, Jack Booer, Dick Ryan and Bud Elliott form a TNT backfield combination that can't be beat.

Covina Half Fast

The Glendale line has been playing both a great offensive and defensive game lately, and its defensive power will probably prove useful in stemming off defeat. Both Ellsworth de Parcq and Les Lavelle have been showing their stuff in the recent games on the perfected "end over" play, which has proved a consistent ground-gainer for the locals.

Rieve, the Covina left halfback, is reputed to be the big gun for the Oranges. He put over both touchdowns for his team last Friday in the game against Citrus. McCann, 140-pound quarter, is the fastest man on the eleven. Captain Wine, right tackle, is one of the mainstays of the Covina line.

Coach Hayhurst of the Dynamiters is making no statements as to what his eleven is going to do with the Covina boys. Hayhurst anticipates the hardest game of the schedule, and the locals are going over to Covina full a fight. A record crowd is expected and will be essential for a Glendale victory. Nearly 1000 Glendalians are expected to be on hand to cheer the Dynamiters for the decisive fracas.

Probable Lineup

The probable lineup for tomorrow's game follows:

Wt.	Player—	Posi.	Player	Wt.
155	Lavelle	L.E.R.	Armel	150
170	Dotson	L.T.R.	Wine(c)	167

MAKES FAT PEOPLE SLIM

New York Physician Perfects Harmless Method of Reducing Weight.

The loss of as much as a pound of excess fat a day with no harmful results is the record made by many patients of Dr. R. Newman, a licensed practicing physician of 286 Fifth Avenue, New York, who announces that he has perfected a treatment which has quickly rid fat people of excess weight. What is more remarkable is the Doctor's statement that he has successfully treated thousands of patients for fat reduction without change of diet or unnecessary exercise. It is also said that fat people who suffer from chronic rheumatism, gout, asthma and high blood pressure obtain great relief from the reduction of their superfluous flesh. Realizing that this sounds almost too good to be true, the Doctor has offered to send without charge to anyone who will write him a free trial treatment to prove his claims, as well as his "Pay-when-reduced" plan. If you want to rid yourself of superfluous fat, write him today, addressing Dr. R. Newman, 286 Fifth Avenue, New York City, Dept. R4.—Advertisement.

BOXING NOTES

At New York—Quentin Romero Rojas, Chile, and Sully Montgomery, Chicago, fought a draw in six rounds; Leo Gates, Brooklyn, knocked out Jim Slimmer, Milwakuee, fifth round; Alex Colair, New York, got the decision over Dan Bright, England, six rounds; Miguel Ferrara, Argentine, knocked out George Entioch, New York, four rounds; Sandy Seifert, Pittsburgh, got the decision over Charley Potash, Philadelphia, six rounds.

TO-NIGHT'S CARD

Teddy Silva and Sammy Lee will step in the main event at the Pasadena armory tonight. Lee is a Chinese bantam. Jimmy Powell and Babe Harris will put on the semi-windup. Phil Mata and Young Gonzales meet in the special spot. Kid McDowell and Young Johnson box the feature preliminary, with three other good bouts on the card.

"Pop" Warner and Aids

Stanford has one of the best teams this year the university has ever turned out. Below appears CAPTAIN JIM LAWSON, endman. And in the panel, left to right, are: "TINY" THORNHILL, "POP" WARNER and ANDREW KERR. Lawson was a Long Beach High school star several years ago. Thornhill once coached Centre college, and Kerr was coach at the University of Pittsburgh.

NEW YORK, Nov. 6.—Tramp, tramp, tramp the tramps are coming. You can hear the thunder of their approaching footsteps.

They are the heavyweight army that Tex Rickard is seeking in all the hidden by-ways and by places of the country, overlooking neither metropolis nor tank town, has bidden to come to New York and show their stuff.

May be out of the lot will be discovered a claimant for the throne occupied by Jack Dempsey. Some of the pugs, such as Pat Lester, the four-round marvel of the Pacific slope and Fuente, the Mexican walloper, are well spoken of in their home lands. We shall see what we shall see.

One thing is certain, the fans like to hear the big fellows stamping about on the padded ring floor. The Irish fight followers are not keen for the ring game even when fellow countrymen are engaged in the lighter classes.

But show them an Irish heavyweight and they turn out in droves. Remember Coffey, the man of Roscommon? Good old Jim could not fight a lick, but my how the mob turned out every time he was due to enter the ring!

In the coming army is said to be many a scion of the ould sod. So business is likely to be good at the indoor meetings here abouts. Does anyone ask why in view of the above statement Bartley Madden is not popular with his fellow harps? Well it's because Bartley takes and does not give and thats no way, it is held for an Irishman to act.

Klamath River Saved As Spawning Grounds

LOS ANGELES, Nov. 6.—There's one victory which has brought joy to the true lovers of sport. That's the preservation of Klamath river for fish spawning grounds. It was known on the ballot as No. 11 among the state propositions and was purely an initiative measure.

As has been pointed out, there were no interests backing the measure, although it was opposed by a private power corporation which sought to erect a 250-foot dam in the river. Although reports are still incomplete, there seems every reason to believe No. 11 has been successfully carried.

WALTER CAMP SAYS

Special Correspondent of The Glendale Evening News, Copyright, 1924.

NEW YORK, Nov. 6.—The success of Illinois and Michigan last Saturday has rendered the Chicago-Illinois game at Chicago next Saturday a contest of great importance in the western conference and one for which both teams will point with might and main.

Coach Alonzo Stagg of Chicago undoubtedly has started burning the midnight oil trying to devise ways and means of stopping "Red" Grange—and yet not leave too big an opening for Zuppke's other backs, who though outshone by Grange, are no mean performers themselves.

This game certainly will draw a great crowd and should vie in almost every respect with the first of the big three encounters in the east—the Princeton - Harvard clash at Cambridge.

Saturday's results out on the Pacific coast provided one of two upsets. Oregon beat Washington 7 to 3. Andy Smith's Californians managed to get away with Henderson's fancied Southern California boys.

Marquette had a terrible tumble from Creighton, which beat them 21 to 7 and Denver U. defeated Colorado 3 to 0. Georgia, Vanderbilt, Washington & Lee and Alabama all won good victories in the south, while Rice, Taylor and Southern Methodists triumphed in Texas.

Ohio State could only tie Wooster, something of a surprise, but Nebraska put Missouri, Chicago's conquerors under the yoke, 14 to 6.

NEW YORK, Nov. 6.—By virtue of having won all her games Pennsylvania is entitled to top ranking in the East. Dartmouth, Yale, Syracuse, Army, Lehigh and Rutgers seem to follow in order. But there is no telling what November will bring. Cornell's stock, for one, is looking up.

In the Middle West, Illinois leads the conference by a clear margin. Ohio and Chicago are together in second. Then Michigan, which has made, however, a great come-back since the Illinois debacle.

On the Pacific coast, Washington's unexpected defeat by Oregon leaves Stanford and California as the only undefeated elevens. California is given preference over the Palo Alto team.

Can Illinois be stopped this season? Some jinx eleven might do it. Ohio State pretty adequately fills the Jonah role so far as Illinois is concerned. When, in the past, the men of Urbana have made a brilliant record, Ohio State has spread a wet blanket over their prestige.

And conversely Illini has been the jagged reef upon which the Buckeye ship has been spread when running under a full head of canvas with everything drawing.

Illini will surely meet a powerful defensive team when it essays to pierce or to flank the Gray and Scarlet line. Not since 1920 has Ohio state been so impervious to assault, and her goal line has not been crossed. One field goal is the only blot upon the Columbus escutcheon, and the team has met Purdue, Iowa and Chicago in conference battles, and Ohio Wesleyan, a nonconference member.

Extremely good punting is being done this year say scouts who are prying into the gridiron affairs in various parts of the country. From personal observation, the writer is inclined to believe that there are more good punters than in many past seasons. But it must be said that in order to get this result some coaches have been obliged to resort to expedients.

At Ohio State, for instance, Jenkins, a tackle and a mighty fine one, is being pulled back to kick. And how he can drive that ball! Wisconsin takes her big 200 pound tackle Schwarze, back for kicking. Syracuse usually pulls Bailey out of the line to boot the ball. And so it goes.

Britton of Illinois is a beautiful punter. Darling of Boston college is regarded as about the class of the east, although Wood of West Point and Light of Penn State run him pretty close. Layden of Notre Dame is qualifed to punt against the best.

KILLEFER PLAYS WITH WHITE SOX

Seattle Pilot In Lineup for Sunday's Game Against Colored Stars

There is going to be a lot going on at the White Sox ball park on San Fernando road next Sunday afternoon, when the pale hose crew meets the Colored Stars in a regular Winter league game. It is to be "Killefer day," with all Glendale playing host to the plucky pilot of the Seattle Coast league club, winners of the 1924 pennant.

"Red" Killefer will play an outfield position with the Glendale White Sox. The Seattle boss is thinking seriously of bringing his team to Glendale to train next spring, it is said, inasmuch as the Indians wound up the 1923 training season here and Killefer likes the grounds and clubhouse.

Killefer is a big favorite in Coast league baseball. He led the Los Angeles Angels through the mill on several occasions, winning two pennants, and has finished the season by bringing home the bacon for Seattle. He has played considerable big league baseball, also.

O'Leary to Walk

In addition to the presence of "Red" Killefer in the Glendale lineup and the game between the White Sox and the Colored Stars, Dan O'Leary, world champion walker, will put on an exhibition, encircling the bases twelve times in ten minutes. Dan is 84 years old and still going strong.

Ken Penner, pitching ace of Vernon last season, will be on the mound again for Glendale, with Bert Whaling, former Boston Red Sox catcher, and veteran of a world series, will do the receiving. Others in the lineup will include Manager Ray French, sensational shortstop of three leagues; Bill Shields, Emerson, Dorman, Pfahler and Berger.

Slowtime Evans will receive the pitching assignment for the Colored Stars. This team has been playing a fast brand of ball during the closing months of the summer season and are going like wildfire.

Other games on the Winter league schedule for Sunday are: Gilmore Oil and St. Louis Giants at Goodyear park and Hollywood Merchants and Pasadena Merchants at Tournament park, Pasadena.

DAN O'LEARY, 84 years old, champion at picking 'em up and laying 'em down, will appear at the ball game next Sunday.

Dan O'Leary's in town, folks. Dan, the champion walker of the world, who has covered more territory on foot during his 84 years on this globe than many Fords have, will show Glendale baseball fans that he is still able to step right out and get a lot of mileage out of one pair of feet.

The world renowned grand old man, who looks more like a middle-aged man than one who has passed his allotted "four-score and ten," is going to appear at the White Sox ball park Sunday on San Fernando road in connection with the game between the White Sox and the Colored Stars. Dan will endeavor to walk around the bases, touching 'em all, too, in ten seconds.

O'Leary has walked all over the world and is now on a tour of the forty-eight states, calling upon the governors. He intends to write a book about them, he said.

"Of course, since Tuesday's election, there are some states I will have to visit again," Dan remarked.

TROJAN TEAM TO PLAY NOTRE DAME

Elevens to Clash at Big Gathering In Pasadena New Year's Day

LOS ANGELES, Nov. 6.—Near riots marked by frenzied cheering greeted official announcement at the University of Southern California campus here today that the Trojans and the Notre Dame eleven will clash New Year's day in the annual Pasadena Tournament of Roses.

Plans to care for the biggest crowd that has ever witnessed a gridiron battle in the far west were launched immediately after Knute Rockne, the Catholics' famous coach, approved the intersectional tilt.

The game will be played under the auspices of the Pacific Coast conference and it is understood private interests have advanced huge guarantees to both Notre Dame and U. S. C., the Tournament of Roses committee assuming no financial responsibility.

While it was reported the game was agreed upon last summer between the Trojan's coach, Elmer Henderson, and Rockne while the Indiana mentor was conducting a summer coaching school at the Los Angeles institution, many claimed arrangement of the game was intended as an answer to severence of athletic relations with U. S. C. by Stanford and California.

Statements that this contest was just a starter of future intersectional tilts to replace games played in the past with the two northern schools were unofficially made at the Trojan campus.

Adam Walsh, center and Notre Dame captain, is a Holiywood boy.

TO ILLINOIS PEOPLE

The same Wakefield's Blackberry Balsam that you and your family have used for nearly 80 years for Diarrhoea, Cholera Morbus, Cholera Infantum, etc., can be bought in every drug store in California. It is without an equal for quickly checking all loose bowel troubles.—Advertisement.

FOLEY PILLS REACHED THE SORE SPOT

Mrs. Ellen Reigard, South Fork, Pa., writes: "I had been suffering with my kidneys and nothing seemed to touch the aching spot until I procured FOLEY PILLS, with wonderful results." FOLEY PILLS, a diuretic stimulant for the kidneys, gently and thoroughly flush and cleanse the kidneys and help to eliminate poisonous waste matter. Try a bottle today and you will be well pleased with the relief obtained. The use of FOLEY PILLS increases kidney activity.

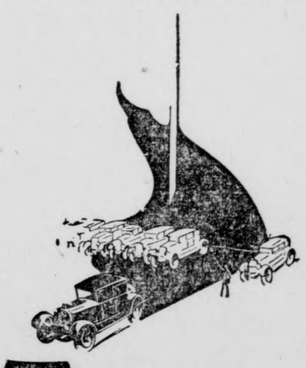
"THE GASOLINE OF POWER"



Easy Starting

A TURN of the switch—a slight pressure on the starter—then, the *instant* hum of your motor as it responds to this clean, powerful gasoline. . . .

. None of the monotonous, *battery wearing* grind and whine as it reluctantly takes hold of some sluggish, heavier fuel.

. . . Any reasonable test with Richfield will prove noticeably increased mileage, easier starting and acceleration *and* greater power—*combined!* . . .

. . . What other gasoline do you know that will do as much? . . .

CITY PRINTING

NOTICE OF SALE OF FRANCHISE

Office of the City Clerk of the City of Glendale, California.

TO WHOM IT MAY CONCERN:

NOTICE IS HEREBY GIVEN that an application has been made to the city Council of the City of Glendale, State of California, by Southern California Edison Company, a corporation, for the franchise hereinafter described, and it is proposed by said City Council of the City of Glendale to offer for sale and sell to the highest bidder said franchise on the terms and conditions hereinafter mentioned.

Said franchise is described as follows:

The right, privilege and franchise, for a period of twenty-five (25) years, to construct, operate, alter and maintain an electrical distribution and transmission system consisting of poles, cross-arms, conduits, cables, wires and other appliances for the purpose of conducting, transmitting and distributing electricity and electrical energy for heating, lighting and power purposes, and for any and all other purposes for which electricity can be used, under, over, in, along and across the following public highways and streets within the City of Glendale in the County of Los Angeles, State of California: Commencing at the intersection of Broadway and the easterly city limits of Glendale; thence westerly in the northeasterly side of Broadway to its intersection with Wilson Avenue; thence westerly in the northerly side of Wilson Avenue to Central Avenue; also the east and west sides of Howard Street from Wilson Avenue to the City of Glendale Substation, together with the right to construct, maintain, operate, renew and alter a system of poles, cross-arms, conduits, cables, wires and other appliances, necessary or convenient.

Said franchise is offered for sale upon the terms and conditions hereinafter contained and said grantee shall file with the City Clerk of the City of Glendale a written acceptance within thirty (30) days after passage of the ordinance granting same. The terms and conditions under which said franchise is offered for sale are as follows:

(a) That the electrical transmission and distribution system to be constructed and operated under said franchise shall be built in a good and workmanlike manner and of good material, and that all wires extending over and along any of said streets or highways shall be placed at least twenty (20) feet from the ground, or at such other reasonable height or distance therefrom as said City Council of the City of Glendale may by ordinance or resolution provide, and in conformity with the laws of the State of California and the rules and regulations of the Railroad Commission of the State of California, or any other public body having jurisdiction to prescribe the mode of construction of said system. Provided, also, that said poles and appliances shall be located where directed by permit from the Superintendent of Streets of said City of Glendale, and that prior to the erection of said poles and appliances grantee of said franchise shall apply to the Superintendent of Streets for a permit to construct the same, which said permit shall be granted by said Superintendent of Streets and shall designate the location on said streets where said poles and appliances shall be located. Said system shall be of good material as aforesaid and shall be erected and located and maintained or replaced in conformity with the ordinances, resolutions and instructions from the City Council of said City of Glendale, provided that said instructions or resolutions or ordinances are not in conflict with any paramount authority of the State of California.

(b) And unless otherwise ordered, all poles shall be placed flush with the outer edge of the streets and highways where there are no sidewalks and where the property is not platted, and flush with the curb lines where there are sidewalks or the property is platted, and adjacent poles shall not be placed nearer together than one hundred (100) feet except at street crossings and cross-roads unless directed or permitted by the Superintendent of Streets. When any of said poles or wires shall become an obstruction to the use of any of said streets or highways or dangerous to the use thereof, said City Council of the City of Glendale shall have the right to order them relocated or remodeled at the expense of the grantee of said franchise, its successors or assigns, to avoid such obstruction or danger.

(c) That the work of erecting the poles and wires hereunder shall be commenced in good faith within not more than four (4) months from the granting of said franchise, and, if not so commenced within said time, said franchise shall be declared forfeited; provided, however, that for good cause shown, the City Council of the City of Glendale may, by resolution, extend the time for completion thereof, not exceeding three (3) months. The work hereunder shall be prosecuted diligently and in good faith by the grantee of said franchise so as to meet and fill the reasonable needs of the inhabitants of the territory for the services for which said franchise is granted.

(d) That the said grantee or its successors or assigns shall, during the life of said franchise, pay to the City of Glendale in lawful money of the United States two per cent of the gross annual receipts of such grantee, its successors or assigns, arising from the use, operation or possession of said franchise; provided, however, that no percentage shall be paid for the first five (5) years succeeding the date of this franchise.

It shall be the duty of the grantee of said franchise and its successors or assigns to file with the Clerk of the City of Glendale at the expiration of the year after said period of five (5) years, and at the expiration of each and every year thereafter, a statement verified by the oath of said grantee or its successors or assigns, or by the oath of the manager or other authorized officer of said grantee, or its successors or assigns, showing in detail the total gross earnings collected or received by said grantee or its successors or assigns during the preceding twelve (12) months for the use, sale, rental or furnishing of electricity for light, power, heat or any other purpose whatsoever from any part of the system for the construction and operation of which said franchise is granted, and within ten (10) days after the time for filing the aforesaid statement, it shall be the duty of said grantee, its successors or assigns, to pay to the City Treasurer of the City of Glendale, the aggregate sum of said percentage upon the amount of the gross annual receipts arising from the use, operation or posession of said franchise, and, if the amount paid is incorrect in the judgment of the City Council, it may order the payment of such additional sum as it may find due hereunder, and if not paid the same may be collected by suit. Any neglect, omission or refusal by said grantee, or its successors or assigns, to file said verified statement or to pay said percentage of the said gross annual receipts at the time or in the manner hereinbefore provided shall work a forfeiture of said franchise and of all the rights thereunder to the City of Glendale.

(e) That whenever any portion of the territory covered by said franchise shall be annexed to, or otherwise become a part of, any other municipal corporation, or of the County of Los Angeles, or any other county, the rights reserved under said franchise to the City of Glendale or any officer thereof shall inure to the benefit of such municipal corporation or county, and its appropriate officers.

(f) That the said grantee or its successors or assigns shall not sell, transfer or assign said franchise or any of the rights or privileges granted thereby, except by a duly executed instrument in writing filed in the office of the Clerk of the City of Glendale; and provided further, that nothing in said franchise contained shall be construed to grant to said grantee or its successors or assigns, any right to sell, transfer or assign said franchise or any of the rights and privileges thereby granted, except in the manner aforesaid.

(g) That any neglect, failure or refusal to comply with any of the conditions of said franchise shall work a forfeiture thereof and the said City, by its City Council, may thereupon declare said franchise forfeited and may exclude said grantee or its successors or assigns from further use of the highways of said city under said franchise; and the said grantee or its successors or assigns shall thereupon surrender, upon demand by appropriate instrument in writing, all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

The grant of said franchise shall be effective only upon the further condition that the grantee shall, at all times during the life of said franchise, keep on file with the City Council a bond running to said City of Glendale in the penal sum of Five Hundred Dollars ($500.00), with sureties to be approved by said City Council, conditioned upon said bidder well and truly observing, fulfilling and performing each and every term and condition of said franchise, and that in case of any breach of condition of said bond the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and sureties on said bond; provided, however, that if said bond shall not be so filed, the award of said franchise shall be set aside and the money paid therefor shall be forfeited, and said franchise shall be, in the discretion of the City Council, re-advertised and again offered for sale in the same manner and under the same restrictions as herein provided. If said bond be not so filed and kept on file, said franchise shall be void and of no effect, and any money paid therefor or thereunder shall be forfeited.

Said franchise shall be granted on the condition that all expenses of sale and of advertising said franchise shall be paid by the successful bidder, and unless so said said franchise shall be forfeited.

NOTICE IS ALSO HEREBY GIVEN that sealed bids in writing will be received for said franchise up to ten o'clock A. M. on the 4th day of December, 1924, and at the time above mentioned, and in the Council room of the City Council of the City of Glendale, any and all sealed bids will be opened; that all bids must be for the payment of a stated sum in gold coin of the United States, and that the said franchise will be struck off, sold and awarded to the person, firm or corporation who makes the highest cash bid therefor, provided only that at the time of the opening of said bids any responsible person, firm or corporation present or represented may bid for said franchise or privilege a sum of not less than ten per cent (10%) above the highest sealed bid therefor, and said bid so made may be raised not less than ten per cent (10%) by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded to the highest bidder therefor in gold coin of the United States by said City Council.

That each sealed bid shall be accompanied with cash or a certified check payable to the Treasurer of the City of Glendale for the full amount of such bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith, and the successful bidder shall deposit at least ten per cent (10%) of the amount of his bid with the Clerk of the City of Glendale before the franchise shall be struck off to him. If the successful bidder shall fail to make such deposit immediately, then and in that case his bid shall not be received and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned. Said procedure shall be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent (10%) and in case said party shall fail to deposit with the Clerk of the City of Glendale the remaining ninety per cent (90%) of his bid within twenty-four (24) hours after its acceptance, the award to it of said franchise in the amount of his bid therefor, as herein provided.

That the successful bidder shall deposit with the Clerk of the City of Glendale within twenty-four (24) hours after the acceptance of his bid the remaining ninety per cent (90%) of the amount thereof, and, in case he or it shall fail to do so, then the said deposit heretofore made shall be forfeited and the said award of said franchise shall be void, and the said franchise shall then and there by said City Council, in the same manner and under the same restrictions as hereinbefore provided, be again offered for sale to the highest bidder therefor and be struck off, sold and awarded; franchise shall be set aside and the deposit theretofore made by it shall be forfeited, and no further proceedings for a sale of said franchise shall be had, unless the same shall be re-advertised and again offered for sale in the manner hereinbefore provided.

NOTICE IS HEREBY GIVEN that the successful bidder for such franchise or privilege struck off, sold or awarded to him or it shall file, and keep on file, a bond running to the City of Glendale with at least two good and sufficient sureties to be approved by said City Council, in the penal sum of Five Hundred Dollars ($500.00), conditioned that such bidder shall well and truly observe, fulfil and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said City Council within five (5) days after the said franchise is awarded, and upon the filing and approval of such bond, the said franchise shall, by said City Council, be granted to the person, firm or corporation to whom it has been struck off, sold or awarded, and in case said bond shall not be so filed, the award of said franchise shall be set aside, and any money paid therefor shall be forfeited.

The City Council hereby expressly reserves the right to reject any or all bids for said franchise.

A. J. VAN WIE,
City Clerk of the City of Glendale, State of California.

A FEW FACTS

I came to Glendale Calif. 2½ years ago; I purchased a well built new four-room home, close in, on West Lex. It was considered a good buy at the price $5000. I have lived there and improved it in every respect. I was offered $5300 five mo. ago, but I did not have any reason to sell. My business is now located in San Fernando. "I must sell". I will take $4600, good terms. If it suits you and you don't buy it, "You don't want a home." During my absence I have arranged for you to see it by calling Glen 3427-J.

LOS ANGELES

By Southland News Service.

LOS ANGELES, Nov. 6.—The identity of the man found dead in Griffith park two weeks ago and buried as "John Doe No. 28" has been established by the state bureau of identification at Sacramento as Wilhelm Vunder, formerly an inmate of the Mendocino State hospital for the Insane, according to a check of his fingerprints.

Rudolfo Calles, son of Plutarco Calles, newly elected president of Mexico, is in Los Angeles today for the removal of his appendix. Joaquin Morales, who accompanied him, also will undergo a similar operation, it is stated.

Frank Cantino, aged 18, and four companions, who went hunting last Sunday, are being sought by the homicide squad of the county sheriffs office as having possibly become lost on the desert.

The state supreme court convened in Los Angeles this afternoon with Judge Lewis Myers presiding. The appeal of Tuffy Reid, convicted of murder, will be heard.

Marius de Brabant, railroad and shipping magnate, has proposed a monument to Senator Cornelius Cole, whose funeral was held today.

Western Rangers Plan Thanksgiving Outings

Glendale boys belonging to Acoma council Western Rangers will take part in two Thanksgiving outings of Los Angeles county Ranger organizations. Boys up to the age of 13 years will go to San Diego on the steamship Ruth Alexander, leaving Los Angeles Friday morning and returning early Sunday. While in San Diego the boys will visit historic places of interest and will have dinner in Balboa park. Charles Perlee of Glendale will be one of the guides.

For boys over 13 years a hike to Sespe canyon is arranged. They leave Thursday and remain until Sunday. All desiring to make either trip must make reservations immediately at the Western Rangers' clubhouse, 1900 North Pasadena avenue, Los Angeles.

Canadian Club Meets Tonight for Election

Mrs. H. W. Groutage announced today a meeting of the Canadian club tonight in the K. P. hall on South Brand boulevard. Owing to resignation of George P. Porter, president, because of business duties, a new president will be elected tonight. Following the meeting progressive five hundred will be played and refreshments served.

Parked Car Is Damaged When Hit by Passerby

A car owned by Harry C. Pfleger, of 628 North Central avenue, was badly damaged last night when a car driven by John O'Neil, hit it while parked at above address, according to a report filed at Glendale police headquarters today.

SPANISH VETS TO SEND OUT MEDAL

Glendale Peacock Placed on Canteen to Be Sent to State Organizations

Glendale peacock on a small bronze medal will reprseent the local camp of Spanish war veterans on the canteen that is being sent to camps in all parts of California with the request that each camp have a shield made to hang on the canteen's strap.

With the completion of the shield, Glendale camp will take it to the Hollywood camp. When the canteen has visited every California camp it will be returned to Roosevelt camp in Los Angeles.

Meeting Last Night

Members of the Glendale camp and women's auxiliary met last night in the K. P. hall on South Brand boulevard. Forty guests were present from Alhambra. L. D. Pike, commander, presided. Department inspector was special guest. The auxiliary also entertained its commander.

Both the camp and auxiliary will participate in the Armistice day parade. Plans were under way for a joint Christmas celebration in Glendale with the Alhambra organizations.

LATEST 'SQUEAK' OUT AT OAKMONT

Country Club Publication Has Past, Future Events Set Down for Members

Oakmont Country club members are enjoying the November issue of "The Squeak," club publication, devoted to the best interests of the best membership. There are two full pages of cartoons by J. M. Lowry showing members as others see them. There are "Tee Tales," reported from the golf course, social events chronicled, short club items, and a November social calendar.

In addition to accounts of the popular Wednesday bridge teas for women, Sunday night musical programs, there are junior dances scheduled; an old fashioned "Hard Times" costume dance, and a special Thanksgiving dinner announced.

Store Heads Give Out $1,500 Bonus Awards

More than 300 managers and department heads attended the regular bi-weekly meeting and banquet last night in the assembly room of the Sam Seelig Co. warehouse. More than $1500 was distributed in the way of the regular bi-weekly bonus. Talks were made by various officers. Feature of the meeting was the all-canned goods repast served excepting butter, bread and coffee. Crab meat salad, corned beef hash, stewed tomatoes, green Lima beans and pineapple were served and all came out of cans.

COMMENT by GIL A. COWAN

There is an essence of humor in the Republican landslide.

La Follette is quoted as saying, "We have just begun to fight." The question is, "Where? Wisconsin?"

And for those who were shouting "Keep Cool With Coolidge," does his tremendous victory mean that we'll freeze to death?

Wyoming and Texas will have women governors. One succeeds her husband, who died in office; the other vindicates her husband, who was impeached; proving that women will have the last word.

A morning paper which has been assailing Governor Richardson's economy program prints this in its news columns:

"Throughout the balloting on the (state) propositions one fact stood out: voters in the mass want greater economy in governmental affairs, etc."

No doubt they will get it!

President Coolidge wrote a masterful message of gratitude to the people, closing with these two poignant thoughts, which are worthy of repetition by every public officeholder:

"I have made no pledge except to serve the people. I have no object except to promote their welfare."

Truly, he has been one of the few duly elected presidents of these United States who is in the unqualified position of being a popular choice without having to subserve himself one iota. His is the splendid opportunity to show the nation what a president can do.

The political observer cannot help but comment on the "split tickets." In New York a Democratic governor was re-elected, but an overwhelming vote of confidence was given President Coolidge. The same was true in Montana, while in Iowa a Democratic senator, the first in many years, was apparently elected by Republicans resenting Senator Smith W. Brookhart's defection to La Follette.

The revival of business immediately following the Republican victory is encouraging. It means California will enjoy the largest "tourist crop" in its history. Write to your friends in the East and invite them to have an ideal winter vacation in Glendale.

Incidentally, deny the latest propaganda regarding the pneumonia plague spreading over the Southland. Tell them the truth. There have been twenty-five deaths following a Mexican funeral. One man was shot trying to escape the quarantined area. There are no new cases so far. Authorities have been successful in finding the source, isolating the victims and, unless the unforeseen happens, there will be no further epidemic. So far it has not affected business, and will not, unless eastern tourists believe the printed lies, in New York newspapers principally.

There are reasons for precaution, such as cleaning up filthy foreign quarters, which is now in progress in the city, that will prove a boon in more ways than one. The pneumonia plague bears closest watching—and it has just that by county, state and federal authorities. That's all!

School Girls Complain Of Man Annoying Them

Police are looking for a man who drives a car past the Acacia school in the afternoons when the children are going home, and annoys small girls. Pupils complained to their principal, Miss May Cornwell, who in turn notified the Glendale police department. Other reports of men annoying girls in this city have reached the police and Chief John D. Fraser has assigned Lieutenant W. J. Royle of the detective force to investigate.

CHILDREN'S BOOK WEEK RECOGNZIED

Maids,' Matrons' Section of Tuesday Club to Have Reading Display

Maids and matrons department of Tuesday Afternoon club will specially honor "Children's Book Week," November 9 to 17, by displaying in the clubhouse specially selected children's books. Another feature will be a program, November 13 in the tea room at the clubhouse, honoring the birthday anniversary of Robert Louis Stevenson, the "Children's Poet."

Superintendent Richardson D. White, and Miss Josephine Chambers, supervisor of art in the public schools, are co-operating with the maids and matrons in a book plate contest for pupils of the fifth and sixth grades. Children are working on original designs for book plates. These will be on display in the windows of leading stores during "National Educational Veek." Prizes have been turned over to the department for distribution at the close of the contest.

Scion of Old Family Placed On Probation

LOS ANGELES, Nov. 6.—Francisco Verdugo, scion of an old California family, today was placed on probation by Judge Charles Crail when he told the story of his escape from jail where he was held on a robbery charge. Verdugo said he "peached" on Ramon Gonzales and word of this reached other inmates. They planned to kill him and while being transferred to the county road camp, he took "French leave." Although Verdugo is a free man, he says he fears the vendetta of the underworld.

Big Equipment Hinted In L. A. City Program

LOS ANGELES, Nov. 6.—Municipal authorities here will shortly be in the market for large quantities of hydro-electric equipment in connection with a program of expenditure for municipal power distribution. This program calls for distribution of 330,000 horsepower in electrical energy daily to industrial plants here.

Freight at Terminals In St. Louis Increases

ST. LOUIS, Nov. 6.—St. Louis Terminal railroad interchanged 213,480 carloads of freight in September, according to late figures. This was the largest amount in the last twelve months. In the same month the Mississippi river section of the federal barge line handled a tonnage of 80,000.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Mentho-Sulphur at any drug store. —Advertisement.

MURDER CASE CONTINUED

LOS ANGELES, Nov. 6.—Continuance was granted until November 17 in the case of Harry A. Garbutt, charged with the murder of Mrs. Dorothy Lee Hunn, wealthy Pasadena and Chicago matron, in the Crown City two months ago. Judge Charles Crail allowed the request of the defendant's attorneys for more time in which to prepare their evidence.

PLAN TO TEST ORDINANCE

RIVERSIDE, Nov. 6.—Carpenters engaged in building a store on Magnolia avenue, in violation of a city zoning ordinance, were arrested yesterday after Contractor C. L. Wilson refused to order his men to desist. The defendants will appear before City Recorder R. J. Welch today for trial and the validity of the ordinance will be attacked, Mr. Wilson indicated.

KIWANIS DISTRICT MEETING

SANTA BARBARA, Nov. 6.—This city will be host November 14 to the district convention of the Kiwanis clubs, with motor caravans from both the northern and southern sections of the state in attendance. The San Francisco delegation will be the guests of the Los Angeles club on November 12 and 13, it is stated.

CAMPAIGN OF PUBLICITY

HOLLYWOOD, Nov. 6.—Roy Miller, formerly exploitation manager of the Miller and California theatres, will become a partner of Pete Smith, publicity expert at the United Studios, replacing Harry D. Wilson, who will open offices for himself, it was announced today.

JOHN! HOW COULD YOU!

HOLLYWOOD, Nov. 6.—News for the girls who idolize John Bowers, film star. He is changing his latest disguise of henna hair to a double moustache, according to his energetic press agent. And Alice Terry is to feel the tickle of that moustache in the leading feminine role of "Kings in Exile," the p. a. adds.

GUEST LIST ON INCREASE

LOS ANGELES, Nov. 6.—The Ambassador and associated southern California hotels report an increased guest list already over the 1923 season, it is reported today.

Southeast Completes Best Business Month

ATLANTA, Nov. 6.—The southeast has just finished the best business month in its history with the exception of October, 1920, according to leaders in dry goods circles here.
